**The American Catalogue** ,1905      The American Catalogue ... ,1941      **The American Catalog, 1900-1905** ,1905

**The New-Yorker** Horace Greeley,Park Benjamin,1838      Politics in Captivity Lena Zuckerwise,2024-07-02 From the 1811 German Coast Slave Rebellion to the 1971 Attica Prison Uprising from the truancy of enslaved women to the extreme self discipline exercised by prisoners in solitary confinement Black Americans have through time resisted racial regimes in extraordinary and everyday ways Though these acts of large and small scale resistance to slavery and incarceration are radical and transformative they have often gone unnoticed This book is about Black rebellion in captivity and the ways that many of the conventional well worn constructs of academic political theory render its political dimensions obscure and indiscernible While Hannah Arendt is an unlikely theorist to figure prominently in any discussion of Black politics her concepts of world and worldlessness offer an indispensable framework for articulating a theory of resistance to chattel and carceral captivity Politics in Captivity begins by taking seriously the ways in which slavery and incarceration share important commonalities including historical continuity In Zuckerwise s account of this commonality the point of connection between enslaved and incarcerated people is not exploited labor but rather resistance The relations between the rebellions of both groups appear in the writings of Muhammed Ahmad Angela Davis George Jackson Ruchell Magee and Assata Shakur a genre Zuckerwise calls Black carceral political thought The insights of these thinkers and activists figure into Zuckerwise s analyses of largescale uprisings and quotidian practices of resistance which she conceives as acts of world building against conditions of forced worldlessness In a moment when a collective racial reckoning is underway when Critical Race Theory is a target of the Right when prison abolition has become more prominent in mainstream political discourse it is now more important than ever to look to historical and contemporary practices of resistance to white domination      Optimism, Struggle, and Growth University Of Louisiana,2006-08-15      Words on Cassette, 2002 R R Bowker Publishing,2002

**Education and the Voice of Michael Oakeshott** Kevin Williams,2024-08-14 The work of Michael Oakeshott has retained a striking currency in philosophical discourse about education This is hardly surprising in view of his influence on Paul Hirst and Richard Peters two philosophers whose work had an enormous impact on educational thinking and practice in the English speaking world And although much of the detail in educational debate may change the fundamental underlying concerns regarding the conception of the person the nature of knowledge and the moral life and their expression in educational institutions and activities remain subject of disagreement In the light of this continuing interest and of Oakeshott s extensive writing on so many aspects of education it is timely that a book be published on his thinking on the subject

Words on Cassette, 1999 Bowker Editorial Staff,Staff Bowker R R,Bowker,1999-02      American Founders Christina Proenza-Coles,2019-03-01 2019 Foreword INDIES Finalist American Founders reveals men and women of African descent as key protagonists in the story of American democracy It chronicles how black people developed and defended New World

settlements undermined slavery and championed freedom throughout the hemisphere from the sixteenth through the twentieth centuries While conventional history tends to reduce the roles of African Americans to antebellum slavery and the civil rights movement in reality African residents preceded the English by a century and arrived in the Americas in numbers that far exceeded European migrants up until 1820 Afro Americans were omnipresent in the founding and advancement of the Americas and recurrently outnumbered Europeans at many times and places from colonial Peru to antebellum Virginia African descended people contributed to every facet of American history as explorers conquistadores settlers soldiers sailors servants slaves rebels leaders lawyers litigants laborers artisans artists activists translators teachers doctors nurses inventors investors merchants mathematicians scientists scholars engineers entrepreneurs generals cowboys pirates professors politicians priests poets and presidents The multitude of events and mixed race individuals included in the book underscores that black and white Americans share the same history and in many cases the same ancestry American Foundersis meant to celebrate this shared heritage and strengthen these bonds
