The Gravity of Joy Angela Williams Gorrell,2021-03-09 My vocation was supposed to be joy and I was speaking at funerals Shortly after being hired by Yale University to study joy Angela Gorrell got word that a close family member had died by suicide Less than a month later she lost her father to a fatal opioid addiction and her nephew only twenty two years old to sudden cardiac arrest The theoretical joy she was researching at Yale suddenly felt shallow and distant completely unattainable in the fog of grief she now found herself in But joy was closer at hand than it seemed As she began volunteering at a women s maximum security prison she met people who suffered extensively yet still showed a tremendous capacity for joy Talking with these women many of whom had struggled with addiction and suicidal thoughts themselves she realized Joy doesn t obliterate grief Instead joy has a mysterious capacity to be felt alongside sorrow and even sometimes most especially in the midst of suffering This is the story of Angela s discovery of an authentic grounded Christian joy But even more it is an invitation for others to seize upon this more resilient joy as a counteragent to the twenty first century epidemics of despair addiction and suicide a call to action for communities that yearn to find joy and are willing to walk together through the shadows to find it

Down and Out in Paradise Charles Leerhsen, 2022-10-11 The bestselling unvarnished *The New York Times* engrossing *The Guardian* gritty well researched *The Economist* and definitely unauthorized biography of the celebrity chef and TV star Anthony Bourdain based on extensive interviews with those who knew the real story Anthony Bourdain's death by suicide in

June 2018 shocked people around the world Bourdain seemed to have it all an irresistible personality a dream job a beautiful family and international fame The reality though was more complicated than it seemed Bourdain became a celebrity with his bestselling book *Kitchen Confidential* He parlayed it into a series of hit television shows including the Food Channel's *Anthony Bourdain: No Reservations* and CNN's *Parts Unknown* But his bad boy charisma belied a troubled spirit Addiction and an obsession with perfection and personal integrity ruined two marriages and turned him into a boss from hell even as millions of fans became enamored of the quick witted and genuinely empathetic traveler they saw on TV At the height of his success Bourdain was already running out of steam physically and emotionally when he fell hard for an Italian actress who could be even colder to him than he sometimes was to others and who effectively drove a wedge between him and his young daughter *Down and Out in Paradise* is the first book to tell the full Bourdain story and to show how Bourdain's never before reported childhood traumas fueled both the creativity and insecurities that would lead him to a place of despair Filled with fresh intimate details *The New York Times* this is the real story behind an extraordinary life *The Dying Citizen* Victor Davis Hanson, 2021-10-05 The *New York Times* bestselling author of *The Case for Trump* explains the decline and fall of the once cherished idea of American citizenship Human history is full of the stories of peasants subjects and tribes Yet the concept of the citizen is historically rare and was among America's most valued ideals for over two centuries But without shock treatment warns historian Victor Davis Hanson American citizenship as we have known it may soon vanish In *The Dying Citizen* Hanson outlines the historical forces that led to this crisis The evisceration of the middle class over the last fifty years has made many Americans dependent on the federal government Open borders have undermined the idea of allegiance to a particular place Identity politics have eradicated our collective civic sense of self And a top heavy administrative state has endangered personal liberty along with formal efforts to weaken the Constitution As in the revolutionary years of 1848 1917 and 1968 2020 ripped away our complacency about the future But in the aftermath we as Americans can rebuild and recover what we have lost The choice is ours **The Procrastination Economy** Ethan Tussey, 2020-04-01 2018 Outstanding Academic Title given by Choice Magazine How mobile devices make our in between moments valuable to media companies while also providing a sense of control and connection In moments of downtime waiting for a friend to arrive or commuting to work we pull out our phones for a few minutes of distraction Just as television reoriented the way we think about living rooms mobile devices have taken over the interstitial spaces of our everyday lives Ethan Tussey argues that these in between moments have created a procrastination economy an opportunity for entertainment companies to create products apps platforms subscription services micropayments and interactive opportunities that can colonize our everyday lives But as businesses commoditize our free time and mobile devices become essential tools for promotion branding and distribution consumers are using these devices as a means of navigating public and private space These devices are not just changing the way we spend and value our time but also how we interact with

others and transform our sense of the politics of space By examining the four main locations of the procrastination economy the workplace the commute the waiting room and the connected living room Ethan Tussey illuminates the relationship between the entertainment industry and the digitally empowered public Celebrities Against Violence Truman R. Down with the System Serj Tankian, 2024-05-14 THE INSTANT NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER An exhilarating thoughtful and beautifully written memoir by musician songwriter and lead singer lyricist of Grammy award winning metal band System Of A Down Serj Tankian Serj Tankian will be the first to admit that his band System Of A Down was unlikely a chart topper as had ever existed in modern music history a band of Armenian Americans playing a practically unclassifiable clash of wildly aggressive metal riffs unconventional tempo twisting rhythms and Armenian folk melodies with me alternately growling screaming and crooning lyrics that could pivot from avant garde silliness to raging socio political rants in the space of a single line After all as Serj concedes it s not easy listening Even so there s no doubt that System s music had struck a chord with millions of listeners across the globe ever since they burst on the scene in the mid 1990s With nearly 40 million album sales three albums topping the Billboard charts and a devoted legion of fans the band dominated the alt rock and metal scenes just as the world hurtled into a new millennium redefining the very idea of what rockstars could and couldn t talk about could and couldn t do could and couldn t represent In DOWN WITH THE SYSTEM Serj presents readers with a memoir that is far more than just a rock n roll fable It s an immigrant s tale it s an activist s awakening and it s a spiritual journey from darkness toward light And all of

this comes down to the fact that Serj himself has had the chance to live an extraordinary life thanks to a combination of luck circumstance struggle talent and spiritual awakening Born to Armenian parents in Beirut Serj grows up hearing bombs drop outside his childhood home during the country's civil war before moving to Los Angeles at the age of seven As a young man he is immersed in the SoCal community of Little Armenia learning more and more about the brutal genocide faced by his ancestors while helping his parents adapt to the constraints and contradictions of the American Dream Then during a pivotal drive home from an LSAT class Serj decides to turn away from a promising future in business and law to make music instead a decision that leads him to touring five continents as the lead singer of a hugely popular rock band hitting number 1 on the Billboard album charts the morning of 9 11 and then having the hit single from the same album banned from radio two days later In the years that follow his uniquely singular story continues as he evades glass bottles hurled at a cancelled show by angry Slayer fans teams up with Tom Morello to push social justice causes on unsuspecting metalheads argues with LAPD officers over the best way to quell rioting fans and defines new sounds and singing tactics with Rick Rubin Braiding together Serj's thought provoking insight with heartfelt and poetic prose DOWN WITH THE SYSTEM retraces Serj's remarkable and unlikely journey and explores what it's taught him about music about art about activism and about himself It's an unforgettable ride that will leave you breathless and an absolute delight for new fans and old ones alike
