Marty Schupak, 2017-04-15 Youth baseball coach Marty Schupak shares his 25 years coaching Little League baseball From picking teams to dealing with parents this book covers just about everything a coach or parent needs to know about youth baseball Coach Schupak covers the most fundamental techniques of throwing hitting pitching baserunning as well as some of the biggest problems youth coaches face and how to handle them The drills section has over 100 creative easy to follow drills with over 200 color pictures There is a sample practice section that lays out in detail 60 different practices that youth baseball coaches can easily follow during the course of a season This book is appropriate for parents coaches and leagues with kids 6 12 years old

Rookie Coaches Baseball Guide American Coaching Effectiveness Program, 1993 Covers all the basics of coaching and baseball in a concise style suitable for the novice youth baseball coach

A Coach's Manual for Beginners Craig Shankle, 2003-02-04 This book is a compilation of my observations and experience over the years it represents my personal philosophy of the game and coaching As such against the dictates of proper English language usage I have used personal pronouns ad nauseam because it is my experience and my philosophy Much of what I have espoused in this book goes against sound winning baseball theory and sound baseball strategy specifically with regard to the batting order and rotation of players through the positions These are formative years for players and their baseball experience should be fun and of an instructional nature where they experience different positions and test their newfound skills and abilities The stated premise of this book is to have fun and learn to be good citizens There will be plenty of time later on to hone skills and settle on one or two positions for specialization and to develop the killer instinct For now the objective is to acquaint players with the game while having fun and not drive them from it for life by insisting on perfection Just because you adopt the techniques espoused herein does not mean you will have a losing season or that you are not being competitive or teaching sound baseball It just means you are considering the individual as a whole and helping him/her to become responsible members of a team whether athletic or social Some players seem to be born with presence while others may have it instilled by their parents at a young age Finding these rare and stimulating leaders and challenging their abilities in order to stretch their performance level is the coach's job Because they learn so quickly you may teach them more perhaps than you would a player not similarly gifted This does not mean the accomplishments of the less gifted are inferior to those of the gifted player Try to challenge each player according to his/her abilities and reward their successful achievements with positive reinforcement Winning baseball strategy dictates you place your best six hitters at the top of the batting order Most consistent at getting on base bats first Best bunter second Best hitter third Next best hitters fourth fifth and sixth Poorest hitters seventh eighth and ninth The eighth and ninth slots are usually reserved for the catcher and pitcher Then place your best fielders at all the key positions and play them there constantly Rotate your worst players into the game where they can

do the least damage and leave them there for the shortest time possible under league rules If that's the way you want to play the game and coach your players then this book is not for you Conversely if your goal is to help small children grow to learn to enjoy baseball at all levels and in the process become good citizens and have fun doing it then this book may help Throughout I have made many blanket statements and stated things should or should not be done a certain way Please do not misunderstand me just as Baseball is a game of inches so too is it many shades of gray Please feel free to adjust and compromise as necessary from time to time for the mutual benefit of both the team and enjoyment of the players I guess all I have been saying is just try to do what's right I know I have forgotten to include many important details that may have been helpful to your coaching experience please forgive me I tried I hope that this will give you enough information to overcome your fears and give coaching a try Thanks for your attention and perseverance Good luck next season and may you have many successful seasons and dedicated players in the future

The Ripken Way Cal Ripken, 2011-07-28 With almost four decades in professional baseball Cal Ripken Sr has motivated players in all leagues to reach their best and has mentored two major leaguers of his own Cal Ripken Jr and Bill Ripken Now culling wisdom from his unpublished classic *The Cal Ripken Baseball Manual for Players* a veritable instructional bible utilized throughout the Orioles organization for years Cal Sr brings his view from the field to an inspiring guide to the game of life

The Complete Softball Coaches Manual Rich O'Connor, 2018-11-12 Welcome to the *Complete Coaches Manual* What will you find inside and how should you use this complete manual This manual covers mostly softball related topics and I use the term softball throughout but much of what's inside can be used for baseball too Other than the major differences in pitching and the things you have to change with 60 bases vs 70-90 bases much of the two sports can be taught the exact same way Inside you will find a list of all of the defensive positions and a complete list of all of the responsibilities that position has Some are the same but many are very different and unique And some are very different if the player is left or right handed All of that is covered in detail Everything from a First basemen fielding a bunt or scooping a bad throw to a Shortstop's double play footwork at Second base to an Outfielder playing a ball off the fence or making a Do or Die Crow Hop throw home to stop the winning run There's also a

complete guide to playing Catcher that covers everything from framing to blocking to throwing runners out And it goes way beyond the mechanics of each position s responsibilities I also cover things like Sprinting mechanics Pitching and Throwing mechanics Position based throws Catching a throw Fielding fly balls and ground balls I cover Hitting slapping and bunting mechanics too along with the mental approach to hitting There s a pitch calling chart a bat size chart some examples of signs and signals for offense and defense and more Consider it a complete guide to everything you need to need to know to teach the game of softball and most of baseball too And these aren t just my opinions either It s a list compiled of what s been proven to work based on my 16 years of coaching competitive youth softball up to High School varsity and competitive youth baseball I have also taken many tips and tools from World Champion College Softball Coaches and Major League Baseball Players Coaches What s the best way to use it Well in the front you will find a table of contents that is also an outline of everything inside the manual You can use that to find what you re looking for inside or just use it as a reminder of things you want to cover at practice or a private lesson Then inside everything is broken down into a very detailed step by step checklist that is easy to follow and explain to your players This manual is great for coaches of any experience level whether you just volunteered to help out with the coach pitch team or you re the head Varsity Coach And it s great for kids of any skill level too If you think your players aren t ready to learn about the ideal bat speed or attack angle then skip it until they re older But it s in there when they re ready But if you want to teach your 10 year old player how to slap hit or how to dive and get up it s in there with easy to follow step by step directions I ve even included some drills and games that I ve come up with and borrowed over the years to help keep practice interesting If your heart is in the right place you can t go wrong coaching This guide will help you let the players reach their fullest potential Baseball's Forgotten Basics Marc Shoenfelt,2007-02 This unique 180 page book and 99 minute DVD combination presents drills step by step descriptions of movements and positions plus hundreds of pointers in every area of baseball from hitting to base running Page 4 of cover
