VHF MARINE RADIO
MR F80B

Nothing Comes Close to a Cobra®

Our Thanks to you and Customer Assistance

Thank you for purchasing a CobraMarine® VHF radio. Properly used, this Cobra® product will give you many years of reliable service.

How Your CobraMarine VHF Radio Works

This radio is a VHF transceiver for fixed mounting on your boat. It gives you 2-way vessel-to-vessel and vessel-to-shore station communications, primarily for safety and secondarily for navigation and operational purposes. With it, you can call for help, get information from other boaters, talk to lock or bridge tenders and make radiotelephone calls to anywhere in the world through a marine operator.

Besides 2-way communications, in the U.S.A., the radio can provide quick access to receive all NOAA (National Oceanographic and Atmospheric Administration), including two Canadian weather channels for alerting you to weather emergencies with a tone on a weather channel you can select for your area.
