Code Switching Teaching Standard English In Urban Classrooms Theory Research Into Practice:

Code-switching Rebecca S. Wheeler, Rachel Swords, 2006 Wheeler and Swords show K 6 teachers how to use code switching and contrastive analysis to help students use prior knowledge to translate vernacular English into Standard English When African American students write or say Mama jeep is out of gas or The Earth revolve around the sun many teachers labeling this usage poor English or bad grammar assume that their students have problems with possession or don't know how to make subjects and verbs agree Forty years of linguistic research however demonstrates that the student is not making errors in Standard English the child is writing or speaking correctly in the language patterns of the home and of the community Building on the linguistic knowledge that children bring to school becomes the focus of this book which advocates the use of code switching to enable students to add another linguistic code Standard English to their linguistic toolbox Rather than drill the idea of Standard English into students by labeling their home language as wrong the authors recommend teaching students to recognize the grammatical differences between home speech and school speech so that they are then able to choose the language style most appropriate to the time place audience and communicative purpose University researcher Rebecca Wheeler and urban elementary teacher Rachel Swords offer a practical hands on guide to code switching providing teachers with step by step instructions and numerous code switching charts that can be reproduced for classroom use The success of Wheeler's presentations in urban school districts and the positive results that Swords has observed in her own classroom speak to the effectiveness of the research and of this approach While the book focuses on language use in the elementary classroom the procedures and materials introduced can be easily adapted for middle and high school students

The Old Testament Is Dying (Theological Explorations for the Church Catholic) Brent A. Strawn, 2017-03-14 The Old Testament constitutes the majority of the Christian Bible and provides much of the language of Christian faith However many churches tend to neglect this crucial part of Scripture This timely book details a number of ways the Old Testament is showing signs of decay demise and imminent death in the church Brent Strawn reminds us of the Old Testament's important role in Christian faith and practice criticizes current misunderstandings that contribute to its neglect and offers ways to revitalize its use in the church

Resisting Divide-and-Conquer Strategies in Education Dennis L. Rudnick, 2024-08-12 *Resisting Divide and Conquer Strategies in Education* Pathways and Possibilities examines the ways in which divide and conquer strategies operate in the American public education system In U S education these mechanisms are endemic and enduring if not always evident Coordinated strategic well funded politically viable campaigns continue to stoke fear othering villainization and dehumanization of minoritized groups pushing false and problematic narratives that inhibit progress toward social justice Weaponizing hegemony and leveraging misinformation reactionary agents and institutions seek to suppress truth block access to democratic participation and dismantle education and other sites of emancipatory possibility through the strength of divide and conquer mechanisms pitting relatively disempowered groups against one another to preserve the dominant social order Readers of this book will encounter conceptual and critical interrogations of divide and conquer The text will help facilitate inquiry and engagement into how divide and conquer operates and how it can be resisted It looks at the history of the phenomenon as well as its current state especially as it relates to education What insights and lessons might we learn

from a focused examination of divide and conquer and what strategies of resistance are both possible and necessary for challenging it This text is designed for undergraduate and graduate classrooms in education and social sciences Part I Ideology and Sociopolitical Contexts dissects how divide and conquer mechanisms operate ideologically and sociopolitically Part II Policies and Practices focuses on how divide and conquer mechanisms shape exclusionary U S educational policies and practices Part III Resistance and Liberation documents efforts of liberatory communicative curricular and pedagogical possibilities Each chapter concludes with a set of critical questions for reflection and engagement Perfect for courses such as Foundations of Education Schools and Society Schooling in America History of Education Philosophy of Education Sociology of Education Social Studies Critical Theory in Education

Spoken English and Spoken Italian Patrizia Giampieri, 2025-03-06 This book investigates the grammar of spoken English and spoken Italian and ways to translate spoken expressions It proposes Italian equivalents of English spoken discourse markers and English versions of Italian clitic expressions It firstly outlines the main features of spoken English grammar by providing insights from the literature and examples from British and American spoken language corpora It then outlines the characteristics of neo standard Italian and what makes it peculiar especially in its spoken form Building on literature findings and on corpus based evidence it investigates the frequencies and usages of the words and of the non words characterising the English spoken language and their Italian equivalents It explores natural occurring dialogues in spoken language banks as well as in narratives film dubbing and film subtitles It proposes Italian corpus sourced equivalents of English discourse markers and English versions of Italian clitic constructions This book is innovative as no other academic work has focused thoroughly on the translation of spoken language Its methodology is fully replicable thanks to its detailed comprehensive analyses

Teaching About Dialect Variations and Language in Secondary English Classrooms Michelle D. Devereaux, 2014-10-17 Standardized tests demand Standard English but secondary students grades 6 12 come to school speaking a variety of dialects and languages thus creating a conflict between students language of nurture and the expectations of school The purpose of this text is twofold to explain and illustrate how language varieties function in the classroom and in students lives and to detail linguistically informed instructional strategies Through anecdotes from the classroom lesson plans and accessible narrative it introduces theory and clearly builds the bridge to daily classroom practices that respect students language varieties and use those varieties as strengths upon which secondary English teachers can build The book explains how to teach about language variations and ideologies in the classroom uses typically taught texts as models for exploring how power society and identity interact with language literature and students lives connects the Common Core State Standards to the concepts presented and offers strategies to teach the sense and structure of Standard English and other language variations so that all students may add Standard English to their linguistic toolboxes

Language, Culture, Identity and Citizenship in College Classrooms and Communities Juan C. Guerra, 2015-10-05 Language Culture Identity and Citizenship in College

Classrooms and Communities examines what takes place in writing classrooms beyond academic analytical and argumentative writing to include forms that engage students in navigating the civic political social and cultural spheres they inhabit It presents a conceptual framework for imagining how writing instructors can institute campus wide initiatives such as Writing Across Communities that attempt to connect the classroom and the campus to the students various communities of belonging especially students who have been historically underserved This framework reflects an emerging perspective writing across difference that challenges the argument that the best writing instructors can do is develop the skills and knowledge students need to make a successful transition from their home discourses to academic discourses Instead the value inherent in the full repertoire of linguistic cultural and semiotic resources students use in their varied communities of belonging needs to be acknowledged and students need to be encouraged to call on these to the fullest extent possible in the course of learning what they are being taught in the writing classroom Pedagogically this book provides educators with the rhetorical discursive and literacy tools needed to implement this approach
