Coded Encounters Writing Gender And Ethnicity In Colonial Latin America 1994 02 25:

Early Visions and Representations of America M. Carmen Gomez-Galisteo, 2012-11-22 When the Europeans first arrived in America they had a number of preconceptions prejudices expectations and hopes about what life in the New World would be like This book examines the different visions and representations of America conveyed in the writings of Spanish conquistador Ivar N ez Cabeza de Vaca and the Pilgrim leader William Bradford taking both writers within their respective literary and historical contexts Anthologies of American literature have consistently ignored Spanish language achievements on the grounds of a restrictive interpretation of American literature based on linguistic boundaries Consequently Spanish language texts such as Cabeza de Vaca s or the account by the Hidalgo de Elvas to name but two examples have been marginalized in the narrative of American literary history In seeking to redress this neglect Galisteo contributes to scholarship which seeks to analyze Early America as a whole including not only Anglo American perspectives but also the Spanish American aspect of the colonization process

The Geography of South America Thomas A. Rumney, 2013-04-18 South America is an area of fascination and study for geographers and other scholars from around the world and its land and people have played important roles in the discovery and distribution of civilizations resources and nations for millennia The region has long stimulated a large amount of research across the many subdisciplines of geography and Thomas A Rumney collects organizes and presents as many scholarly publications as possible in The Geography of South America A Scholarly Guide and Bibliography Every South American nation is included Argentina Bolivia Brazil Chile Colombia Ecuador French Guiana Guyana Paraguay Peru Surinam Uruguay and Venezuela Beginning with an overview of the region as a whole successive chapters one per nation are divided by specific subdisciplines of geography cultural social economic historical physical and environmental political and urban Each section is then divided by document type atlases books book chapters articles from scholarly journals master s theses and doctoral dissertations Although the majority of entries focus on English language works selected entries written in Spanish French German and other languages are also included with the entry titles translated into English and noted accordingly

Women Who Live Evil Lives Martha Few, 2010-01-01 Women Who Live Evil Lives documents the lives and practices of mixed race Black Spanish and Maya women sorcerers spell casters magical healers and midwives in the social relations of power in Santiago de Guatemala the capital of colonial Central America Men and women from all sectors of society consulted them to intervene in sexual and familial relations and disputes between neighbors and rival shop owners to counter abusive colonial officials employers or husbands and in cases of inexplicable illness Applying historical anthropological and gender studies analysis Martha Few argues that women s local practices of magic curing and religion revealed opportunities for women s cultural authority and power in colonial Guatemala Few draws on archival research conducted in Guatemala Mexico and Spain to shed new light on women s critical public roles in Santiago the cultural and social connections between the capital city and the countryside and the gender dynamics of

power in the ethnic and cultural contestation of Spanish colonial rule in daily life

Women and the Conquest of California, 1542-1840 Virginia M. Bouvier, 2004-08 Studies of the Spanish conquest in the Americas traditionally have explained European Indian encounters in terms of such factors as geography timing and the charisma of individual conquistadores Yet by reconsidering this history from the perspective of gender roles and relations we see that gender ideology was a key ingredient in the glue that held the conquest together and in turn shaped indigenous behavior toward the conquerors This book tells the hidden story of women during the missionization of California It shows what it was like for women to live and work on that frontier and how race religion age and ethnicity shaped female experiences It explores the suppression of women's experiences and cultural resistance to domination and reveals the many codes of silence regarding the use of force at the missions the treatment of women indigenous ceremonies sexuality and dreams Virginia Bouvier has combed a vast array of sources including mission records journals of explorers and missionaries novels of chivalry and oral histories and has discovered that female participation in the colonization of California was greater and earlier than most historians have recognized Viewing the conquest through the prism of gender Bouvier gives new meaning to the settling of new lands and attempts to convert indigenous peoples By analyzing the participation of women both Hispanic and Indian in the maintenance of or resistance to the mission system Bouvier restores them to the narrative of the conquest colonization and evangelization of California And by bringing these voices into the chorus of history she creates new harmonies and dissonances that alter and enhance our understanding of both the experience and meaning of conquest

The Gendered West Gordon Morris Bakken, Brenda Farrington, 2013-09-13 First Published in 2001 This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history a field frequently ignored or misunderstood by the New Western historians From first contact American Indians knew that Europeans did not understand the gendered nature of America Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century The journal articles that follow give readers a true sense of the gendered West Racial and ethnic heritage played a role in female experience whether Hispanic Japanese or Irish Women's work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered

Three Decades of Engendering History Antonia I. Castaneda, 2014-12-15 For over three decades the work of Antonia I Castaneda has shaped the fields of Western History and Chicana Studies From her early articles on Chicana representation and political economy to her most

recent work mapping gendered violence and gendered resistance in the history of the U S Southwest her work is consistently taught in classrooms and cited extensively Yet Casta eda s work has been scattered throughout journals and anthologies a paper chase for historians to track down Three Decades of Engendering History ends the chase This volume edited by Linda Heidenreich collects ten of Casta eda s best articles including the widely circulated article Engendering the History of Alta California 1769 1848 in which she took a direct and honest look at sex and gender relations in colonial California Demonstrating that there is no romantic past to which we can turn she exposed stories of violence against women as well as stories of survival and resistance Other articles included are the prize winning Women of Color and the Rewriting of Western History and two recent articles Lullabies y Canciones de Cuna and La Despedida The latter two represent Casta eda s most recent work excavating mapping and bringing forth the long and strong post WWII history of Tejanas Finally the volume includes three interviews with Antonia Casta eda conducted by Luz Mar a Gordillo that contribute the important narrative of her lived experiences political perspective her commitment to initiate and develop scholarship that highlights gender and Chicanas as a legitimate line of inquiry and her drive to center Chicanas as historical subjects Worldwide Perspectives on Lesbians, Gays, and Bisexuals Paula Gerber Ph.D., 2021-01-26 This three volume set is a rich resource for readers in any discipline interested in understanding the global regional and domestic experiences of LGB people This interdisciplinary set makes a vital contribution to understanding how LGB rights are progressing and in some cases regressing around the globe The three volumes look at the lived experiences of LGB people from varied perspectives and provide comprehensive coverage on a wide variety of topics ranging from LGB youth and LGB aging to the approaches to LGB people of different religions including Islam Judaism and Christianity Chapters focus on topics including the ongoing criminalization of same sex sexual conduct and how international human rights law can be used to improve the lives of LGB people Particular attention is paid to the rights of bisexuals a group often ignored in works focusing on sexual orientation Volume 1 focuses on history politics and culture relating to LGB people Volume 2 focuses on the laws domestic and international governing LGB people and Volume 3 provides snapshots of the current state of LGB experience in countries worldwide presented by geographical region Europe the Americas Africa the Middle East and the Asia Pacific region **Cartographies of Exile** Karen Elizabeth Bishop, 2016-04-20 This book proposes a fundamental relationship between exile and mapping It seeks to understand the cartographic imperative inherent in the exilic condition the exilic impulses fundamental to mapping and the varied forms of description proper to both The vital intimacy of the relationship between exile and mapping compels a new spatial literacy that requires the cultivation of localized dynamic reading practices attuned to the complexities of understanding space as text and texts as spatial artifacts The collection asks what kinds of maps do exiles make How are they conceived drawn read Are they private maps or can they be shaped collectively What is their relationship to memory and history How do maps provide for new ways of imagining the fractured experience of exile and offer up both new strategies for reading

displacement and new displaced reading strategies Where does exilic mapping fit into a history of cartography particularly within the twentieth century spatial turn The original work that makes up this interdisciplinary collection presents a varied look at cartographic strategies employed in writing art and film from the pre Contact Americas to the Renaissance to late postmodernism the effects of exile in its many manifestations on cartographic textual systems ways of seeing and forms of reading the challenges of traversing and mapping unstable landscapes and restrictive social and political networks and the felicities and difficulties of both giving into the map and attempting to escape the map that provides for exile in the first place Cartographies of Exile will be of interest to students and scholars working in literary and cultural studies gender sexuality and race studies anthropology art history and architecture film performance visual studies and the fine arts

Shakespeare and the Spanish Comedia Bárbara Mujica, 2013-10-03 Shakespeare and the Spanish Comedia is a nearly unique transnational study of the theater performance traditions of early modern Spain and England Divided into three parts the book focuses first on translating for the stage examining diverse approaches to the topic It asks for example whether plays should be translated to sound as if they were originally written in the target language or if their foreignness should be maintained and even highlighted Section II deals with interpretation and considers such issues as uses of polyphony the relationship between painting and theater and representations of women Section III highlights performance issues such as music in modern performances of classical theater and the construction of stage character Written by a highly respected group of British and American scholars and theater practitioners this book challenges the traditional divide between the academy and stage practitioners and between one theatrical culture and another **Contested Eden** Ramón A.

Gutiérrez, Richard J. Orsi, 1998-03-31 Celebrating the 150th birthday of the state of California offers the opportunity to reexamine the founding of modern California from the earliest days through the Gold Rush and up to 1870 In this four volume series published in association with the California Historical Society leading scholars offer a contemporary perspective on such issues as the evolution of a distinctive California culture the interaction between people and the natural environment the ways in which California's development affected the United States and the world and the legacy of cultural and ethnic diversity in the state California before the Gold Rush the first California Sesquicentennial volume combines topics of interest to scholars and general readers alike The essays investigate traditional historical subjects and also explore such areas as environmental science women's history and Indian history Authored by distinguished scholars in their respective fields each essay contains excellent summary bibliographies of leading works on pertinent topics This volume also features an extraordinary full color photographic essay on the artistic record of the conquest of California by Europeans as well as over seventy black and white photographs some never before published
