Coercive Control How Men Entrap Women In Personal Life Interpersonal Violence:

Coercive Control Evan Stark, 2009-03-01 One of the most important books ever written on domestic violence *Coercive Control* breaks through entrenched views of physical abuse that have ultimately failed to protect women Evan Stark founder of one of America's first battered women's shelters shows how domestic violence is neither primarily domestic nor necessarily violent but a pattern of controlling behaviors more akin to terrorism and hostage taking Drawing on court records interviews and FBI statistics Stark details coercive strategies that men use to deny women their very personhood from beeper games to food logs to micromanaging dress speech sexual activity and work Stark urges us to move beyond the injury model and focus on the real victimization that allows men to violate women's human rights with impunity Provocative and brilliantly argued *Coercive Control* reframes abuse as a liberty crime rather than a crime of assault and points the way to bringing real equality for women in line with their formal rights to personhood and citizenship freedom and safety

Coercive Control: How Men Entrap Women in Personal Life Evan Stark, 2007-04-16 Despite its great achievements the domestic violence revolution is stalled Evan Stark argues a provocative conclusion he documents by showing that interventions have failed to improve women's long term safety in relationships or to hold perpetrators accountable Stark traces this failure to a startling paradox that the singular focus on violence against women masks an even more devastating reality In millions of abusive relationships men use a largely unidentified form of subjugation that more closely resembles kidnapping or indentured servitude than assault He calls this pattern coercive control Drawing on sources that range from FBI statistics and film to dozens of actual cases from his thirty years of experience as an award winning researcher advocate and forensic expert Stark shows in terrifying detail how men can use coercive control to extend their dominance over time and through social space in ways that subvert women's autonomy isolate them and infiltrate the most intimate corners of their lives Against this backdrop Stark analyzes the cases of three women tried for crimes committed in the context of abuse showing that their reactions are only intelligible when they are reframed as victims of coercive control rather than as battered wives The story of physical and sexual violence against women has been told often But this is the first book to show that most abused women who seek help do so because their rights and liberties have been jeopardized not because they have been injured The coercive control model Stark develops resolves three of the most perplexing challenges posed by abuse why these relationships endure why abused women develop a profile of problems seen among no other group of assault victims and why the legal system has failed to win them justice Elevating coercive control from a second class misdemeanor to a human rights violation Stark explains why law policy and advocacy must shift its focus to emphasize how coercive control jeopardizes women's freedom in everyday life Fiercely argued and eminently readable Stark's work is certain to breathe new life into the domestic violence revolution *Coercive Control* Evan Stark, Drawing on cases Stark identifies the problems with our current approach to domestic violence outlines the components of coercive control and then uses this alternate

framework to analyse the cases of battered women charged with criminal offenses directed at their abusers Coercive Control and the Criminal Law Cassandra Wiener,2022-12-30 This book considers how a phenomenon as complex as coercive control can be criminalised The recognition and ensuing criminalisation of coercive control in the UK and Ireland has been the focus of considerable international attention It has generated complex questions about the best way to criminalise domestic abuse This work reviews recent domestic abuse criminal law reform in the UK and Ireland In particular it defines coercive control and explains why using traditional criminal law approaches to prosecute it does not work Laws passed in England and Wales versus Scotland represent two different approaches to translating coercive control into a criminal offence This volume explains how and why the jurisdictions have taken different approaches and examines the advantages and disadvantages of each As jurisdictions around the world review what steps need to be taken to improve national criminal justice responses to domestic abuse the question of what works and why at the intersection of domestic abuse and the criminal law has never been more important As such the book will be a vital resource for lawyers policy makers and activists with an interest in domestic abuse law reform **The Routledge International Handbook of Domestic Violence and Abuse** John Devaney,Caroline Bradbury-Jones,Rebecca J. Macy,Carolina Øverlien,Stephanie Holt,2021-03-17 This book makes an important contribution to the international understanding of domestic violence and shares the latest knowledge of what causes and sustains domestic violence between intimate partners as well as the effectiveness of responses in working with adult and child victims and those who act abusively towards their partners Drawing upon a wide range of contemporary research from across the globe it recognises that domestic violence is both universal but also shaped by local cultures and contexts Divided into seven parts Introduction Theoretical perspectives on domestic violence and abuse Domestic violence and abuse across the life course Manifestations of domestic violence and abuse Responding to domestic violence and abuse Researching domestic violence and abuse Concluding thoughts It will be of interest to all academics and students working in social work allied health sociology criminology and gender studies as well as policy professionals looking for new approaches to the subject **The Healing Journey** Linda DeRiviere,2020-07-10T00:00:00Z The Healing Journey offers a startling analysis of intimate partner abuse and its negative effects on women s earnings education and vocational training as well as in the labour market itself Victims of abuse often suffer from chronic physical and mental health issues which impede their participation in the labour market Based on findings from a seven wave study coordinated by RESOLVE a family violence research centre housed in universities across the prairie provinces the goal of this book is to advance a social scientific understanding of women s employment status and barriers to participation occupations household income sources and vocational training outcomes over the course of a woman s journey to heal from intimate partner abuse **Family Group Conferences in Social Work** Deanna Edwards,Kate Parkinson,2018-06-27 Family group conferences FGCs are a strengths based approach to social work practice empowering families to take responsibility for decision making It is a cost effective

service which is currently used by the majority of local authorities This collection discusses the origins and theoretical underpinnings of family led decision making and brings together the current research on the efficacy and limitations of FGCs into a single text This insightful book also covers topics such as the use of FGCs in different areas of children and families social work uses case studies to illustrate current practice and explores whether FGCs should become a mainstream function of children and families social work

When Men Murder Women R. Emerson Dobash, Russell Dobash, 2015 When Men Murder Women breaks new ground in the study of homicide The murder of intimate partners sexual murders and the murders of older women are examined in separate sections containing The Knowledge The Murder Event and The Lifecourse of the Murderers

Intimate Partner Violence, Risk and Security Kate Fitz-Gibbon, Sandra Walklate, Jude McCulloch, Jane Maree Maher, 2018-06-14 This edited collection addresses intimate partner violence risk and security as global issues Although intimate partner violence risk and security are intimately connected they are rarely considered in tandem in the context of global security Yet intimate partner violence causes widespread physical sexual and or psychological harm It is the most common type of violence against women internationally and is estimated to affect 30 per cent of women worldwide Intimate partner violence has received significant attention in recent years animating political debate policy and law reform as well as scholarly attention In bringing together a range of international experts this edited collection challenges status quo understandings of risk and questions how we can reposition the risk of IPV and particularly the risk of IPH as a critical site of global and national security It brings together contributions from a range of disciplines and international jurisdictions including from Australia and New Zealand United Kingdom Europe United States North America Brazil and South Africa The contributions here urge us to think about perpetrators in more nuanced and sophisticated ways with chapters pointing to the structural and social factors that facilitate and sustain violence against women and IPV Contributors point out that states not only exacerbate the structural conditions producing the risks of violence but directly coerce and control women as both citizens and non citizens States too should be understood as collaborators and facilitators of intimate partner violence Effective action against intimate partner violence requires sustained responses at the global state and local levels to end gender inequality Critical to this end are environmental issues poverty and the divisions often along race and ethnic lines underpinning other dimensions of social and economic inequality

Working with Client Experiences of Domestic Abuse Jeannette Roddy, 2023-06-30 This edited volume shares relevant theory and practical strategies to support counsellors to work effectively with those who have experienced domestic abuse The effect of relational and other abuses can impact an individual's ability to engage with family friends counsellors or other professionals trying to support them due to reduced ability to trust and the impact of complex trauma Helping someone to recover requires specific knowledge and skills not usually part of a standard professional training program This book acts as a training manual providing an overview of what clients need at different stages of recovery It contains chapters written by staff who deliver

counselling and mental health training and provides their insight into the specific issues that clients may present suggesting constructive and accessible suggestions for practice and a chapter on counsellor self care The reflections exercises in each chapter will help the reader assess their competency Working with Client Experiences of Domestic Abuse will be of interest to mental health professionals counselling training courses and domestic violence services who wish to incorporate counselling as part of their service offer
