Failing Our Future Joshua R. Eyler, 2024-08-27 An indictment of the grading system in American schools and colleges and a blueprint for how we can change it One of the most urgent and long standing issues in the US education system is its obsession with grades In *Failing Our Future* Joshua R Eyler shines a spotlight on how grades inhibit learning cause problems between parents and children amplify inequities and contribute to the youth mental health crisis Eyler who runs the Center for Excellence in Teaching and Learning at the University of Mississippi illustrates how grades interfere with students intrinsic motivation and perpetuate the idea that school is a place for competition rather than discovery Grades force students to focus on rewards and distract them from exploring ideas or pursuing interests beyond what they ll be tested on In fact grades significantly impede the learning process They are also significantly affecting children s physical emotional and psychological well being Rates of anxiety depression and suicidal ideation have spiked and academic stress tied to grades is a leading cause of this escalation Eyler shares success stories of grading reform efforts that are already under way as an antidote to the harms caused by the practices currently used in educational institutions Equal parts scathing and hopeful *Failing Our Future* aims to improve the lives of students by encouraging them to define success on their own terms Parents educators policymakers and students will find in these pages a rallying cry for change and a blueprint for how to implement reforms in our homes and classrooms

Leading Student Assessment Charles F. Webber, Judy L. Lupart, 2011-09-18 This book presents a new and refreshing look at student assessment from the perspective of leading educational theorists researchers and practitioners The authors call for boundary breaking assessment that reflects clear understandings of the purposes of assessment a balance of assessment creativity and realism the ability to detect solutions for assessment challenges and the capacity to question and imagine assessment alternatives The 14 chapters offer school and district educators policy makers researchers and university teacher preparation faculty with a comprehensive current overview of the state and art of student assessment Key questions are posed about assessment and critical challenges are presented along with sound evidence based solutions Student assessment is analyzed in terms of its relationship with classroom instructional practices and large scale testing programs Formative and

summative assessments are compared and contrasted The role of psychological assessment in informing classroom practices is profiled along with the need for student voice in fair assessment practices Readers will be challenged to consider the ecology of student assessment that is the impact of assessment in classrooms and schools through to the macro level of globalized societies The underpinning values and assumptions of student assessment are highlighted Finally a rationale is offered for reconceptualizing and redefining assessment
