Creating The Better Hour Lessons From William Wilberforce:

Creating the Better Hour Chuck Stetson, 2007 The spirit of William Wilberforce who worked to stop the transatlantic slave trade 200 years ago is alive and active in all people whose faith complements their tireless efforts to transform their culture and build a better world *Creating the Better Hour Lessons from William Wilberforce* is not an ordinary study book It is a call to end ongoing human oppression and slavery The life of this great Christian parliamentarian and abolitionist is the starting point for a first class group of contributors to show Wilberforce as a model for engaging modern culture Essays detail how people today can emulate his life great persuasive techniques and his Clapham Circle colleagues to bring about cultural change and end oppression Each chapter's Extended Observation draws readers and study groups into transforming reflections and conversations all designed to help people become a force for good and commit to a life on behalf of others

Fierce Convictions Karen Swallow Prior, 2014-11-18 With a foreword by Eric Metaxas best selling author of *Bonhoeffer* and *Amazing Grace* The enthralling biography of the woman writer who helped end the slave trade changed Britain's upper classes and taught a nation how to read The history changing reforms of Hannah More affected every level of 18th Century British society through her keen intellect literary achievements collaborative spirit strong Christian principles and colorful personality A woman without connections or status More took the world of British letters by storm when she arrived in London from Bristol becoming a best selling author and acclaimed playwright and quickly befriending the author Samuel Johnson the politician Horace Walpole and the actor David Garrick Yet she was also a leader in the Evangelical movement using her cultural position and her pen to support the growth of education for the poor the reform of morals and manners and the abolition of Britain's slave trade *Fierce Convictions* weaves together world and personal history into a stirring story of life that intersected with Wesley and Whitefield's Great Awakening the rise and influence of Evangelicalism and convulsive effects of the French Revolution A woman of exceptional intellectual gifts and literary talent Hannah More was above all a person whose faith compelled her both to engage her culture and to transform it Touching the Bones of Elisha Albert Haase, Phil Vestal, 2023-04-28 In this book Franciscan priest Fr Albert Haase OFM and Protestant pastor Phil Vestal bring to life nine spiritual practices from the life and ministry of the ancient Hebrew prophet Elisha practices later promoted by Jesus Paul and subsequent figures in the history of Christian spirituality These spiritual practices point directly to important themes in spiritual formation The call of God Healing Perseverance in the face of opposition Gratitude and charity Prayer petition and intercession The tension between obedience to the law and Jesus' command to love Living with the awareness of God's investment in every human endeavor God's ever present grace and protection in the face of trials and tribulations Mercy Based upon incidents in the life of an ancient prophet these nine practices are life giving bones that God uses to instill new spirit and creativity in the contemporary believer *From Human Trafficking to Human Rights* Alison Brysk, Austin Choi-Fitzpatrick, 2012-01-31 Over the last decade public political and scholarly attention has focused on human trafficking

and contemporary forms of slavery Yet as human rights scholars Alison Brysk and Austin Choi Fitzpatrick argue most current work tends to be more descriptive and focused on trafficking for sexual exploitation In *From Human Trafficking to Human Rights* Brysk Choi Fitzpatrick and a cast of experts demonstrate that it is time to recognize human trafficking as more a matter of human rights and social justice rooted in larger structural issues relating to the global economy human security U S foreign policy and labor and gender relations Such reframing involves overcoming several of the most difficult barriers to the development of human rights discourse women s rights as human rights labor rights as a confluence of structure and agency the interdependence of migration and discrimination the ideological and policy hegemony of the United States in setting the terms of debate and a politics of global justice and governance Throughout this volume the argument is clear a deep human rights approach can improve analysis and response by recovering human rights principles that match protection with empowerment and recognize the interdependence of social rights and personal freedoms Together contributors to the volume conclude that rethinking trafficking requires moving our orientation from sex to slavery from prostitution to power relations and from rescue to rights On the basis of this argument *From Human Trafficking to Human Rights* offers concrete policy approaches to improve the global response necessary to end slavery responsibly

The Next Christians Gabe Lyons, 2010-10-05 Turn on a cable news show or pick up any news magazine and you get the impression that Christian America is on its last leg The once dominant faith is now facing rapidly declining church attendance waning political influence and an abysmal public perception More than 76% of Americans self identify as Christians but many today are ashamed to carry the label While many Christians are bemoaning their faith s decline Gabe Lyons is optimistic that Christianity s best days are yet to come In the wake of the stunning research from his bestselling book *unChristian* which revealed the growing disenchantment among young generations for Christians Lyons has witnessed the beginnings of a new iteration of the faith Marked by Lyons brutal honesty and unvarying generosity Lyons exposes a whole movement of Christians Evangelicals Mainline Protestants Orthodox Pentecostals and others who desire to be a force for restoration even as they proclaim the Christian Gospel They want the label Christian to mean something good intelligent authentic and beautiful The next generation of Christians Lyons argues embodies six revolutionary characteristics When Christians incorporate these characteristics throughout the fabric of their lives a fresh yet orthodox way of being Christian springs forth The death of yesterday becomes the birth of a great tomorrow The end of an era becomes a beautiful new beginning In this way the end of Christian America becomes good news for Christians In *THE NEXT CHRISTIANS* Lyons disarms readers by speaking as a candid observer rather than cultural crusader Where other people shout Lyons speaks in a measured tone offering helpful analysis of our current reality while casting a vision for how to be a Christian in a world disenchanted with the faith Both a celebration and a reckoning *THE NEXT CHRISTIANS* combines current day models and relevant research with stories of a new generation of Christian leaders If you are worried by what you see transpiring around you this book will

take you on a surprising social exploration in hopes that you too will restore confidence in your faith *Lessons for Living* P. J. Wallis, 2024-03-01 God has set the stage for our life story to be acted out on and with the gift of a free will it s up to each of us to decide what role we want to play wilderness wanderers as the Israelites of ancient times so close to the Promised Land yet not permitted to enter or a believer in God s eternal promises fulfilled in Christ There are only two options God does have a plan for humanity he has set forth a calendar established a timetable and we all live along that timetable somewhere from its beginning to the end of all human rule on Earth He needs each of us to start again spiritually to become willing participants in the inward transformation of our disposition ready for the day to come Becoming a Christian is easy Maintaining the claim that Christ lives in you will be the most challenging life changing experience How do we change our inner self to take on Christlikeness How do we react in times when our faith is put to the test times of unknowables those things sometimes beyond the limits of human experience or understanding The primary purpose of this book is to introduce the real God because if we seek a relationship with him we must think of it in terms of a valuable human relationship There needs to be a degree of attractiveness we need to share similar values as God possesses to even begin to flourish and grow
