Catch/Release David Ollier Weber,2010 A novel set here in the Emerald Triangle s most exciting outback venues mostly along the Mina Road running between Covelo and Alderpoint Catch Release begins We still pick up hitchhikers in Mendocino County Yeah lots of us do but only because we know them and there might be social consequences if we don t stop But if you

re deep in the outback somewhere south of Zenia basic human solidarity will make you to stop for someone who appears to be in need which is what Ollier s nifty little novel is pegged to a humanitarian impulse that nearly gets the humanitarian killed The author has clearly spent a lot of time around low lifes because the low life he gives a lift to is perfectly portrayed right down to the creative grammar of his vocabulary of curses The book s a page turner I picked it up during the serial rounds of gluttony that mark the birth of Our Savior at my house and didn t put it down until I was confident the narrator would survive Ollier manages to capture both the more comfortable Mendo vibe reflected by the flesh pots of Mendocino Village and the ominous one you can get in the Northeast sector of the county even without a demented hitchhiker In this tale which is definitely an essential addition to the Mendo oeuvre you not only get deftly drawn suspense but a nice set piece on fishing funny encounters with a surly Klamath store clerk and a female Fox News zombie who picks up our hero on Highway 36 when he becomes the hitchhiker Ollier s a guy who knows his Mendo from the Pacific to the Yolly Bollys If your local bookstore doesn t have it pester them until they do Bruce Anderson Anderson Valley Advertiser

The Fly Fisher and the River Maxine Atherton, 2016-03-15 On angling as a woman in the first half of the twentieth century Like fast moving currents the fishing tales in *The Fly Fisher and the River* move us through a selection of Max Atherton s experiences both within rivers waters as well as at their outer edges They remind us that alongside the then radical environmentalist explorer part of her there was a playful joie de vivre someone who appreciated the company of good looking intelligent outdoorsmen Even before her husband s death Max enjoyed the attention she got as a fisherwoman While she cherished a few female friendships Max held the opinion that women did not generally engage their minds as much as they could and tended to settle for less in their lives than she was willing to The men she liked educated with leisure time to fish had more freedom and could have adventures and talk about ideas politics and the intricacies of fly fishing This refined form of angling provided an escape from the mundane and Max enjoyed the adrenaline rush of fishing and camping in the great outdoors as much as the meditative quiet time in nature Her expertise provided the entr e she needed to thrive in a man s world a fact reflected in her writing about the joys of casting her lines into one river after another Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

[The Quest for the Golden Trout](#) Douglas M. Thompson, 2013-09-22 The angler s dream of fishing pristine waters in unspoiled country for sleek healthy trout has turned fishing into a form of theater It is a manufactured experience much to the detriment of our rivers and streams Americans love of trout has reached a level of fervor that borders on the religious Federal and state agencies as well as nongovernmental

lobbying groups invest billions of dollars on river restoration projects and fish stocking programs Yet their decisions are based on faulty logic and risk destroying species they are tasked with protecting River ecosystems are modified with engineered structures to improve fishing native species that compete with trout are eradicated and nonnative invasive game fish are indiscriminately introduced genetically modified and selectively bred to produce more appealing targets for anglers including the freakishly contrived golden trout The Quest for the Golden Trout is about looking at our nation s rivers with a more critical eye and asking more questions about both historic and current practices in fisheries management
