Task Force Black Mark Urban, 2025-08-22 The true story of one of the most dramatic and sustained special operations in military history. When American and British forces invaded Iraq in March 2003, select teams of special forces and intelligence operatives got to work looking for the WMD their governments had promised were there. They quickly realized no such weapons existed. Instead, they faced an insurgency, a soaring spiral of extremism and violence that was almost impossible to understand, let alone reverse. Facing defeat, the Coalition waged a hidden war within a war. Major General Stan McChrystal devised a campaign fusing special forces aircraft and the latest surveillance technology with the aim of taking down the enemy faster than it could regenerate. Guided by intelligence, British and American special forces conducted a relentless onslaught, night after night, targeting al-Qaeda and
