Minister Training Manual Bishop Gillis ,Gwendolyn Thomas, 2020-05-04 Minister Training Manual By Bishop Gillis and Gwendolyn Thomas Minister Training Manual is about the fivefold ministry It is about understanding the operation of each ministry gift and how to operate in your calling It is also designed to help you to be effective in your calling and a training manual

Divine Callings Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions Divine Callings offers a rare sociological examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints

Imagination Ivan L. Hartsfield, 2023-07-14 The first of its kind this seminal work charts the unlikely theological quest for Christian holiness by founder Charles Harrison Mason and the Wesleyan Holiness Pentecostal tradition known as the Church of God in Christ COGIC the largest Pentecostal denomination in the United States Through fresh research and critical analysis this book challenges existing assumptions by scholars and reveals how little known black renewal movements informed Mason s theological understanding and that of the movement The rich theological resources of this historically marginalized movement are not primarily accessible in academic journals position papers or theological treatises Instead these resources function as lived religion where the theological presuppositions are embedded in primitive worship ecstatic religious practices and countercultural distinctives By unpacking the lived religion of this self professed sanctified church this book explores how sanctification and the practice of Christian holiness shaped and empowered the COGIC its people and its practices in creative and profound ways resulting in a radical holiness ethic that emerged from an inexhaustible exilic vitality with personal social and political implications Given the challenge of Christian nationalism today this book provides a framework that informs Christian identity and faithful living for the broader Christian community
