Commonwealth Letters Postcolonial Aesthetics Literature:

Commonwealth of Letters Peter J. Kalliney, 2013-09-19 Peter Kalliney's original archival work demonstrates that metropolitan and colonial intellectuals used modernist theories of aesthetic autonomy to facilitate collaborative ventures

A History of Modernist Poetry Alex Davis, Lee M. Jenkins, 2015-04-27 A History of Modernist Poetry examines innovative anglophone poetries from decadence to the post war period The first of its three parts considers formal and contextual issues including myth politics gender and race while the second and third parts discuss a wide range of individual poets including Ezra Pound T S Eliot W B Yeats Mina Loy Gertrude Stein Wallace Stevens William Carlos Williams and Marianne Moore as well as key movements such as Imagism Objectivism and the Harlem Renaissance This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism The collection concludes with a wide ranging discussion of the inheritance of modernism in recent writing on both sides of the Atlantic

Post-Monolingual Anglophone Novels Birgit Neumann, 2025-09-19 Engaging with recent research in literary multilingualism studies the global anglophone and comparative studies this book theorizes the so called post monolingual anglophone novels Inspired by Yasemin Yildiz's Beyond the Mother Tongue The Postmonolingual Condition 2012 post monolingual anglophone novels are understood as literary texts that activate multi and translingual strategies to mount a challenge to the monolingual norm and the homogenizing aspirations of English Post monolingual anglophone novels employ literary configurations of multi and translingualism without ignoring the ongoing validity of the monolingual norm in the international book market and the power differentials inherent in English This corpus of texts is therefore highly self conscious about the use of language As post monolingual novels stage exchange and movement between languages they also model in the realm of fiction new concepts of language In several case studies of contemporary anglophone post monolingual novels from different parts of the world the book demonstrates how the post monolingual in literature operates within different cultural and political contexts The readings of Arundhati Roy's The Ministry of Utmost Happiness Yvonne A Owuor's The Dragonfly Sea Marlon James's A Brief History of Seven Killings J M Coetzee's The Childhood of Jesus and Ocean Vuong's On Earth We're Briefly Gorgeous propose theoretically and methodologically innovative ways of engaging with literary multi and translingualism While the analyses focus on the post monolingual poetics they also direct attention to the novels modes of production and circulation in the anglosphere

A Soviet Journey Alex La Guma, 2017-04-18 In 1978 the South African activist and novelist Alex La Guma 1925-1985 published A Soviet Journey a memoir of his travels in the Soviet Union Today it stands as one of the longest and most substantive first hand accounts of the USSR by an African writer La Guma's book is consequently a rare and important document of the anti apartheid struggle and the Cold War period depicting the Soviet model from an African perspective and the specific meaning it held for those envisioning a future South Africa For many members of the African National Congress and the South African Communist Party the Soviet Union represented a political

system that had achieved political and economic justice through socialism a point of view that has since been lost with the collapse of the USSR and the end of the Cold War This new edition of *A Soviet Journey* the first since 1978 restores this vision to the historical record highlighting how activist intellectuals like La Guma looked to the Soviet Union as a paradigm of self determination decolonization and postcolonial development The introduction by Christopher J Lee discusses these elements of La Guma s text in addition to situating La Guma more broadly within the intercontinental spaces of the Black Atlantic and an emergent Third World Presenting a more expansive view of African literature and its global intellectual engagements *A Soviet Journey* will be of interest to readers of African fiction and non fiction South African history postcolonial Cold War studies and radical political thought

Beyond "Understanding Canada" Melissa Tanti,Lorraine York,Daniel Coleman,Jeremy Haynes,2017-03-21 The dismantling of *Understanding Canada* an international program eliminated by Canada s Conservative government in 2012 posed a tremendous potential setback for Canadianists Yet Canadian writers continue to be celebrated globally by popular and

academic audiences alike Twenty scholars speak to the government's diplomatic and economic about face and its implications for representations of Canadian writing within and outside Canada's borders The contributors to this volume remind us of the obstacles facing transnational intellectual exchange but also salute scholars persistence despite these obstacles Beyond Understanding Canada is a timely trenchant volume for students and scholars of Canadian literature and anyone seeking to understand how Canadian literature circulates in a transnational world Contributors Michael A Bucknor Daniel Coleman Anne Collett Pilar Cuder Domínguez Ana María Fraile Marcos Jeremy Haynes Cristina Ivanovici Milena Kalinčin Smaro Kamboureli Katalin Körtési Vesna Lopič Belén Martín Lucas Claire Omhová Lucia Otrsalov Don Sparling Melissa Tanti Christl Verduyn Elizabeth Yeoman Lorraine York V.S. State Sponsored Literature Asha Rogers, 2020-03-05 Debates about the value of the literary rarely register the expressive acts of state subsidy sponsorship and cultural policy that have shaped post war Britain In *State Sponsored Literature* Asha Rogers argues that the modern state was a major material condition of literature even as its efforts were relative partial and prone to disruption Drawing from neglected and occasionally unexpected archives she shows how the state became an integral and conflicted custodian of literary freedom in the postcolonial world as beliefs about literature's public were radically challenged by the unrivalled migration to Britain at the end of Empire *State Sponsored Literature* retells the story of literature's place in post war Britain through original analysis of the institutional forces behind canon formation and contestation from the literature programmes of the British Council and Arts Council and the UK's fraught relations with UNESCO to GCSE literature anthologies and the origins of *The Satanic Verses* in migrant Camden The state did not shape literary production in a vacuum Rogers argues but its policies practices and priorities were also inexorably shaped in turn Demonstrating how archival work can potentially transform our understanding of literature this book challenges how we think about literature's value by asking what state involvement has meant for writers readers institutions and the ideal of autonomy itself
