with the Dead Konstantinos, 2012-04-08 Modern technology has given us powerful new tools for an age-old dream: seeing and speaking with the dead. Using things you probably already own, such as a camcorder, computer or tape recorder, you can contact departed loved ones or other spirits, record their images and voices and establish two-way communications between the worlds. *Speak with the Dead* also details the more traditional methods of seance, trance and scrying. You don't have to be a techie or an occultist to use any of these techniques. This book will guide you to one of the most awe-inspiring experiences you'll ever have: making contact with deceased loved ones and other souls. *Speak with the Dead* is the first book in the modern marketplace to focus on practical, usable techniques for communicating with spirits. This book shows you seven methods for spirit contact: catching Electronic Voice Phenomena on tape; using radio noise to provide spirits with a voice; capturing ghostly images on videotape; letting spirits use your computer or telephone; scrying; establishing telepathic contact with the dead; and holding a seance. *Speak with them. They're waiting.* [How to Communicate with Spirits](#) Elizabeth
