Library, 1963 **General Catalogue of Printed Books** British Museum. Department of Printed Books, 1931 Augustine's City of God Gerard O'Daly, 2020-10-22 The most influential of Augustine's works City of God played a decisive role in the formation of the Christian West Augustine wrote City of God in the aftermath of the Gothic sack of Rome in AD 410 at a time of rapid Christianization across the Roman Empire Gerard O'Daly's book remains the most comprehensive modern guide in any language to this seminal work of European literature In this new and extensively revised edition O'Daly takes into account the abundant scholarship on Augustine in the twenty years since its first publication while retaining the book's focus on Augustine as a writer in the Latin tradition He explores the many themes of City of God which include cosmology political thought anti-pagan polemic Christian apologetic theory of history and biblical interpretation This guide therefore is about a single literary masterpiece yet at the same time it surveys Augustine's developing views through the whole range of his thought As well as a running commentary on each part of the work O'Daly provides chapters on the themes of the work a bibliographical guide to research on its reception translations of any Greek and Latin texts discussed and detailed suggestions for further reading **The Cambridge Companion to Augustine's City of God** David Vincent Meconi, 2021-08-26 Masterfully explains Augustine's major work The City of God book by book through engagement with theology history and political science **Dictionary Catalogue of the Byzantine Collection of the Dumbarton Oaks Research Library, Washington, D.C.** Dumbarton Oaks, 1975 *Commerce with the Classics* Anthony Grafton, 1997 A distinctive history of the traditions of reading and life in the Renaissance library as seen in the texts of Renaissance intellectuals Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries, 1979 **The City of God** Aurelius Augustinus (santo), 2012 Along with his Confessions The City of God is undoubtedly St Augustine's most influential work In the context of what begins as a lengthy critique of classic Roman religion and a defense of Christianity Augustine touches upon numerous topics including the role of grace the original state of humanity the possibility of waging a just war the ideal form of government and the nature of heaven and hell But his major concern is the difference between the City of God and the City of Man one built on love of God the other on love of self One cannot but be moved and impressed by the author's breadth of interest and penetrating intelligence Publisher's website
