Tony Magee,2014-10-01 In 1993 Tony Magee who had foundered at every job he d ever had decided to become the founder of a brewery So You Want to Start a Brewery is the thrilling first person account of his gut wrenching challenges and heart warming successes Based in Petaluma California the Lagunitas Brewing Company makes simple and flavorful craft beer that defies categorization The same could be said for this book Equal part memoir narrative and business story with liberal dashes of pop culture and local color this illuminating yet hilarious account of a one of a kind made in America journey just happens to culminate with the success of one of the nation s most popular craft beer brands In twenty years Lagunitas has grown from a seat of the pants one man operation to be the fifth largest and the fastest growing craft brewer in the United States So You Want to Start a Brewery is a look behind the curtain rather than a simple business story It s unglamorous and full of hilarious digressions but it s never afraid to mess with the nuts and bolts Devoted to details but never boring this is a must read for all who have considered starting their own business or have sweated blood working to get one on its feet Told in the vibrant voice of the man closest to the process and with the most to lose this illuminating volume should quench the thirst of anyone who has ever tried a Lagunitas beer Tony Magee is the founder and CEO of the Lagunitas Brewing Company He lives in Marin County California **Mild Ale** Dave Sutula,2017-06-12 No longer are mild ales confined to the small towns of England Once a designation for an entire class of beers mild ale now refers to a beer style some describe as the elixir of life for the salt of the earth Mild is a beer that can be at once light or dark very low or very high in alcohol and either rich in dark malt flavor or light and crisp with a touch of hop flavor and aroma The recipes included offer a wide range of interpretations for a style that has unparalleled flexibility The Classic Beer Style Series from Brewers Publications examines individual world class beer styles covering origins history sensory profiles brewing techniques and commercial examples *Handbook of Brewing, Second Edition* Graham G. Stewart,Fergus G. Priest,2006-02-22 It has been ten years since its first edition making the Handbook of Brewing Second Edition the must have resource on the science and technology of beer production It recounts how during this time the industry has transformed both commercially and technically and how many companies have been subsumed into large multinationals while at the other extreme microbreweries have flourished in many parts of the world It also explains how massive improvements in computer power and automation have modernized the brewhouse while developments in biotechnology have steadily improved brewing efficiency beer quality and shelf life In addition to these topics the book written by an international team of experts recognized for their contributions to brewing science and

technology also covers traditional beer styles as well as more obscure beverages such as chocolate or coffee flavored beers It includes the many factors to be considered in setting up and operating a microbrewery as well as the range of novel beers and beer related products currently being considered by the brewing industry It also describes new avenues that challenge the brewer s art of manufacturing a quality beverage from barley based raw materials Thorough and accessible the Handbook of Brewing Second Edition provides the essential information for those who are involved or interested in the brewing industry

The Home Brewer's Recipe Database Les Howarth, 2009-06-25 This is not a recipe book It is a database of ingredient information that should assist the home or craft brewer in creating their own recipes in order to attempt the replication of commercial beers Instructions on how to convert the supplied ingredient information into recipes customised to the brewer s own equipment and technique are provided This book also provides inspiration to brewers wishing to experiment with different ingredients since it gives an interesting insight into how professional brewers have used them in their own brews Finally this book should also be of interest to the discerning beer enthusiast who is curious about what goes into their favourite drink This second edition provides substantially more data than the well received first edition
