Code Blue 99 Sandy Acharjee, 2008-02 Sandy Acharjee has been a manufacturing engineer for all his life. He was born and educated in India. After completion of mechanical engineering technology in India, he worked for a short while and left India at a young age for a government of India sponsored practical training opportunity in West Germany. After completion of his training, he immigrated to Canada in order to pursue further education and career advancement. He continued further education in Canada and graduated as a Certified Industrial Manager from the Canadian Institute of Management. With the combinations of Indian education, German training, and Canadian management skills, he soon became a manufacturing engineering manager in a large multi-national US-based company. He also speaks, reads, and writes several languages. On a personal level, he is married with his long-term companion and best friend, his wife. He and his wife have a daughter and a son, including a grandchild. He was born a Hindu, and his father was always a very strong orthodox Hindu. He was a well-renowned Sanskrit scholar as well as a part-time Hindu priest. Sandy has never been a strong religious person of any faith, abiding by any strict rules. However, he has always maintained strong moral values to himself and his family. He and his wife currently live in the suburb of Cleveland, Ohio, USA. The author has not written any book thus far in his life nor did he have any intention to write one at any time. The instruction to write this book and share the Truth has come from above. This is a true story, and in the near future, the author intends to write at least one other book. Sassoli, 2024-01-08 Milky Way thirteenth millennium of the stellar age. Human beings have long since left the surface of the Mother Planet Earth, and so much time has passed they barely remember it. They have established themselves as the predominant form of life among the stars, and all the while they expand, colonize, and multiply undisturbed. At times they are at peace; other times they quarrel with one another in an endless strife of meaningless skirmishes. But one day the balance is broken. A terrible alien race, relentless and apparently unstoppable, now threatens to upset this delicate order and wash away over twelve millennia of progress and expansion. People in the Milky Way call them Herem, the Anathem. BOOK FOUR: DIARY OF AN IMMORTAL. Captain Aaron Quietsea is ready to leave Earth.
