## **Captured Memories Across The Threshold Of War:**

Captured Memories, 1930-1945 Peter Liddle, 2011-12-13 In this sequel to his successful first volume Peter Liddle brings his years of Oral History experience to the Thirties and the Second World War He was the founder Director of a new archive in 1999 specifically dedicated to the rescue of evidence of the Second World War which now documents the lives of more than nine thousand people in that war Many of the most vivid recollections he has recorded covering this period appear in this book For the Thirties poverty is movingly exemplified in recall of orphanage upbringing labor in an East Lancashire mill and Glasgow childhood Privileged public schools and university education is here too with political convictions expressed by Barbara Castle and quite exceptionally by Oswald Mosley For the War there is a section on the sea which includes graphic detail of battle lifeboat command the St Nazaire Raid and of Pearl Harbor A George Medallist and an Admiral of the Fleet add special distinction here For the air a Battle of Britain Spitfire Pilot Britains most successful night fighter pilot a Lancaster Bomber Pilot VC an American pilot shot down over Belgium surviving to fight with the Resistance and a German Pilot retaining his national Socialist convictions present outstanding material For the land Dunkirk North Africa Italy Singapore D Day Arnhem the Rhine Crossing are all there but so Commando raids SOE operations capture escapes severe wounding and a VC earned in Somaliland A German describes the hand to hand fighting at Cassino a Field Marshal his service in North Africa and Joachim Ronneberg his part in the Telemark Raid in Norway In the Home Front section women feature prominently was WAAF Wrens ATS Bletchley Park the Land Army war work in factories dance band singing Blitz experience in several towns war widowhood and overseas evacuation all feature There is an account of bomb disposal of the stance of a Conscientious Objector and then four people quite exceptional for the significance of their material Two are from Poland a jewess who survived against all odds and a woman who became involved in the Warsaw Uprising the others are Sir Basil Blackwell working on the development of weaponry for the Admiralty and finally Sir Bernard Lovell on radar This book does much to dissolve the intervening years The essence of what is was to be young and to be there lies within these pages

**Captured Memories, 1900-1918** Peter Liddle, 2011-02-23 Peter Liddle was a pioneer in the recording of memories of personal experience in the First World War and in the social background of those who lived through those years Later he moved into the recording of men and women for whom the Second World War was the formative experience of their lives In a planned two volume collection of the most outstanding interviews of the four thousand he made for the first volume he has chosen memories which take the reader back as many as a hundred and twenty years to days in sailing ships a Hebridean boyhood suffragist action pre 1914 working class life and work in the North East of England city life in London service in the Boer War pioneering a settlement in Manitoba Canada and the Army s experiments in the use of man lifting kites airplanes and balloons The main focus of the book is upon the First World War with The Western Front battles the Gallipoli Campaign and the Battle of Jutland prominently featured Liddle also represents the Mesopotamian and East African fronts and women

nursing under particularly unusual circumstances Several Victoria Cross award winners and a fighter pilot ace appear as do those whose distinction was to come later in their lives like Harold Macmillan Henry Moore Gordon Jacob Emanuel Shinwell Barnes Wallis and Victor Silvester There is even an interview with the first conscientious objector to be court martialled and sentenced to death before commutation of the sentence This book is a veritable treasure trove of the past

**To Hell and Back** Ian Kershaw,2015-11-17 Chilling To Hell and Back should be required reading in every chancellery every editorial cockpit and every place where peevish Euroskeptics do their thinking Kershaw documents each and every ism of his analysis with extraordinary detail and passionate humanism The New York Times Book Review The Penguin History of Europe series reaches the twentieth century with acclaimed scholar Ian Kershaw s long anticipated analysis of the pivotal years of World War I and World War II The European catastrophe the long continuous period from 1914 to 1949 was unprecedented in human history an extraordinarily dramatic often traumatic and endlessly fascinating period of upheaval and transformation This new volume in the Penguin History of Europe series offers comprehensive coverage of this tumultuous era Beginning with the outbreak of World War I through the rise of Hitler and the aftermath of the Second World War award winning British historian Ian Kershaw combines his characteristic original scholarship and gripping prose as he profiles the key decision makers and the violent shocks of war as they affected the entire European continent and radically altered the course of European history Kershaw identifies four major causes for this catastrophe an explosion of ethnic racist nationalism bitter and irreconcilable demands for territorial revisionism acute class conflict given concrete focus through the Bolshevik Revolution and a protracted crisis of capitalism Incisive brilliantly written and filled with penetrating insights To Hell and Back offers an indispensable study of a period in European history whose effects are still being felt today

*Clandestine Lives of Colonel David Smiley* Clive Jones,2019-05-21 Drawing on extensive interviews and archival research this biography uncovers the motivations and ideals that informed Smiley s commitment to covert action and intelligence during the Second World War and early part of the Cold War often among tribally based societies With particular reference to operations in Albania Oman and Yemen it addresses the wider issues of accountability and control of clandestine operations

**Someone Else's War** John Connor,2019-08-22 World War I was the first truly global conflict and its effects were felt across the British Empire When war broke out in 1914 Great Britain had the largest empire encompassing one quarter of the population of the world Many colonial citizens were to be enlisted into the war effort and shipped from their homes in Africa Asia and Australasia to fight on the battlefields of the Western Front What was the experience of war like for citizens of empire whether combatants or not How did the empire affect countries administered by Great Britain but geographically located tens of thousands of miles from the conflict In this book John Connor tells the story of the people whose lives were profoundly affected by someone else s war dragged against their will into a geopolitical conflict vastly removed from their normal lives

**Haig's Intelligence** Jim Beach,2013-10-24 Haig s Intelligence is an important study of Douglas Haig s controversial

command during the First World War Based on extensive new research it addresses a perennial question about the British army on the Western Front between 1916 and 1918 why did they think they were winning Jim Beach reveals how the British perceived the German army through a study of the development of the British intelligence system its personnel and the ways in which intelligence was gathered He also examines how intelligence shaped strategy and operations by exploring the influence of intelligence in creating perceptions of the enemy He shows for the first time exactly what the British knew about their opponent when and how and in so doing sheds significant new light on continuing controversies about the British army's conduct of operations in France and Belgium and the relationship between Haig and his chief intelligence officer John Charteris

*Britain Goes to War* Peter Liddle, 2015-11-30 The First World War had a profound impact on British society and on British relations with continental Europe the Dominions the United States and the emerging Soviet Union The pre war world was transformed and the world that we recognize today began to take shape That is why 100 years after the outbreak the time is right for this collection of thought provoking chapters that reassesses why Britain went to war and the preparations made by the armed forces the government and the nation at large for the unprecedented conflict that ensued A group of distinguished historians looks back with the clarity of a modern perspective at the issues that were critical to Britain's war effort as the nation embarked on the most intense and damaging struggle in its history In a series of penetrating chapters they explore the reasons for Britain going to war the official preparations the public reaction the readiness of the armed forces internment the impact of the opening campaign the experience of the soldiers recruitment training weaponry the political implications and the care of the wounded

**Nurse Writers of the Great War** Christine Hallett, 2016-02-15 This electronic version has been made available under a Creative Commons BY NC ND open access license The First World War was the first total war Its industrial weaponry damaged millions of men and drove whole armies underground into dangerously unhealthy trenches Many were killed Many more suffered terrible life threatening injuries wound infections such as gas gangrene and tetanus exposure to extremes of temperature emotional trauma and systemic disease In an effort to alleviate this suffering tens of thousands of women volunteered to serve as nurses Of these some were experienced professionals while others had undergone only minimal training But regardless of their preparation they would all gain a unique understanding of the conditions of industrial warfare Until recently their contributions both to the saving of lives and to our understanding of warfare have remained largely hidden from view By combining biographical research with textual analysis *Nurse writers of the great war* opens a window onto their insights into the nature of nursing and the impact of warfare

**Veiled Warriors** Christine E. Hallett, 2014-08-28 Caring for the wounded of the First World War was tough and challenging work demanding extensive knowledge technical skill and high levels of commitment Although allied nurses were admired in their own time for their altruism and courage their image was distorted by the lens of popular mythology They came to be seen as self sacrificing heroines romantic foils to the male combatant and doctors handmaidens rather than being

appreciated as trained professionals performing significant work in their own right Christine Hallett challenges these myths to reveal the true story of allied nursing in the First World War one which is both more complex and more absorbing Drawing upon evidence from archives across the world *Veiled Warriors* offers a compelling account of nurses wartime experiences and a clear appraisal of their work and its contribution to the allied cause between 1914 and 1918 on both the Western and the Eastern Fronts Nurses believed they were involved in a multi layered battle Primarily they were fighting for the lives of their patients on the second battlefield of casualty clearing stations transports and military hospitals Beyond this they were an integral component of the allied military machine putting their own lives at risk in field hospitals close to the front lines on board hospital ships vulnerable to enemy submarine attack and in base hospitals subject to heavy bombardment As working women in a sometimes hostile chauvinistic world allied nurses were also fighting to gain recognition for their profession and political rights for their sex For them military nursing might help to win not only the war itself but also a more powerful voice for women in the post war world

*Nurses of Passchendaele* Christine E. Hallett, 2017-11-30 The Ypres Salient saw some of the bitterest fighting of the First World War The once fertile fields of Flanders were turned into a quagmire through which men fought for four years In casualty clearing stations on ambulance trains and barges and at base hospitals near the French and Belgian coasts nurses of many nations cared for these traumatized and damaged men Drawing on letters diaries and personal accounts from archives all over the world *The Nurses of Passchendaele* tells their stories faithfully recounting their experiences behind the Ypres Salient in one of the most intense and prolonged casualty evacuation processes in the history of modern warfare Nurses themselves came under shellfire and were vulnerable to aerial bombardment and some were killed or injured while on active service Alongside an analysis of the intricacies of their practice the book traces the personal stories of some of these extraordinary women revealing the courage resilience and compassion with which they did their work
