Clash Of Identities Explorations In Israeli And Palestinian Societies:

Clash of Identities Baruch Kimmerling, 2008-04-04 By revisiting the past hundred years of shared Palestinian and Jewish Israeli history Baruch Kimmerling reveals surprising relations of influence between a stateless indigenous society and the settler immigrants who would later form the state of Israel Shattering our assumptions about these two seemingly irreconcilable cultures Kimmerling composes a sophisticated portrait of one side's behavior and characteristics and the way in which they irrevocably shaped those of the other Kimmerling focuses on the clashes tensions and complementarities that link Jewish Palestinian and Israeli identities He explores the phenomena of reciprocal relationships between Jewish and Arab communities in mandatory Palestine relations between state and society in Israel patterns of militarism the problems of jurisdiction in an immigrant settler society and the ongoing struggle of Israel to achieve legitimacy as both a Jewish and a democratic state By merging Israeli and Jewish studies with a vast body of scholarship on Palestinians and the Middle East Kimmerling introduces a unique conceptual framework for analyzing the cultural political and material overlap of both societies A must read for those concerned with Israel and the relations between Jews and Arabs *Clash of Identities* is a provocative exploration of the ever evolving always contending identities available to Israelis and Palestinians and the fascinating contexts in which they take form

Migration and Divided Societies Chris Gilligan, Susan Ball, 2016-04-08 The study of divided societies has focused historically on either ethnic divides in colonial or post colonial societies or on developed Western democracies which have ethnic power sharing Government structures The study of divided societies emerged historically at a moment when there was a growing interest in the study of immigration and inter ethnic relations in developed industrial nations These two sets of literature on divided societies and on immigration

and inter ethnic relations have developed largely in isolation from each other Both sets of literature have also tended to focus on inter ethnic relations and have paid much less attention to migration This edited collection sets out to fill this gap in the literature through examining migration and ethnic division The case studies examined include developed industrial nations Canada and Norway a post colonial country Kenya and three cases which feature regularly in the divided societies literature Bosnia Northern Ireland and Israel Taken together these case studies suggest ways in which migration intersects with and complicates ethnic divides in divided societies This book was published as a special issue of *Ethnopolitics* *A Question of Identity* Dikla Rivlin Katz, Noah Hacham, Geoffrey Herman, Lilach Sagiv, 2019-06-04 Who am I and Who are we are the existential foundational questions in our lives In our modern world there is no construct more influential than identity whether as individuals or as groups The concept of group identity is the focal point of a research group named A Question of Identity at the Mandel Scholion Interdisciplinary Research Center in the Humanities at the Hebrew University of Jerusalem The papers collected in this volume represent the proceedings of a January 2017 conference organized by the research group which dealt with identity formation in six contextual settings Ethno religious identities in light of the archaeological record Second Temple period textual records on Diaspora Judaism Jews and Christians in Sasanian Persia minorities in the Persian achaemenid period Inter ethnic dialogue in pre 1948 Palestine and redefinitions of Christian Identity in the Early Modern period **Israeli Culture on the Road to the Yom Kippur War** Dalia Gavriely-Nuri, 2014-02-27 The surprise of the Yom Kippur War 1973 rivals that of the other two major strategic surprises in the twentieth century Operation Barbarossa the German surprise attack on the Soviet Union and the bombing of Pearl Harbor The major difference between these events is that Israeli intelligence had a lot more and better quality information leading up to the attack than did the Soviet Union or the United States prior to those attacks Why then was the beginning of the Yom Kippur War such a surprise While many scholars have tried to explain why Israel was caught unawares despite its sophisticated military intelligence services Dalia Gavriely Nuri looks beyond the military intelligence and political explanations to a cultural explanation Israeli Culture on the Road to the Yom Kippur War reveals that the culture that evolved in Israel between the Six Day War and the Yom Kippur War played a large role in the surprise Gavriely Nuri s analysis provides new and innovative insights into the relationship between culture and socio political phenomena and security *Hamas and the Media* Wael Abdelal, 2016-06-10 The Islamic resistance movement Hamas is arguably one of the most important Palestinian organizations in recent decades Since Hamas establishment it has extensively utilized media as a means of mobilization for its political and ideological agendas and its tactics have undergone a remarkable evolution from graffiti art to satellite broadcasting This book presents the first systematic and historical contextualization of the development of Hamas media strategy It determines three key phases in Hamas development and explores the complex and important relationship at work between its politics and use of media Assessing four elements of the Hamas media strategy the media message discourse the media objectives the infrastructure

and the target audience this book tracks how Hamas grew its media infrastructure and looks at how the idea of resistance has permeated the media discourse Determining both tactical and strategic objectives and detailing the various layers to the target audience it offers the first in depth academic study of the Hamas media strategy This book s exploration of the key role the media plays in the Palestinian issue makes it a timely and relevant contribution to the study of the Israeli Palestinian Conflict and a valuable resource for students scholars and policymakers working in Middle Eastern studies

Theatre and the Israel-Palestine Conflict Azza Harras, 2025-02-20 This book delves into the complex narratives surrounding the ongoing Israeli Palestinian dispute through the unique lens of theatre This ground breaking exploration employs postcolonial theory to analyze a diverse array of theatrical works by Israeli Palestinian and Western playwrights By juxtaposing portrayals of significant events such as the Nakba or the Israeli War of Independence the Intifadas and the experiences of diaspora and exile Harras provides a nuanced examination of how these events are represented on stage The book reveals the profound impact of language in constructing and contesting historical narratives and underscores theatre s role as a space for cultural critique and self reflection This comprehensive study offers new insights into the power of artistic expression to challenge historical dichotomies and encourage a deeper understanding of this enduring conflict Essential for scholars of Postcolonial Studies Middle East Studies and the Performing Arts this work invites readers to reconsider the conflict through the transformative lens of theatre

Ethnic Minorities in Israel and Turkey Z. Aslı Elitsoy, 2025-12-01 Ethnic Minorities in Israel and Turkey Inside Outsiders offers a compelling comparative analysis of state minority relations revealing how national identity is constructed and contested through the lens of two of the region s most enduring ethnic conflicts Through extensive fieldwork and elite interviews this book investigates how Israeli and Turkish political elites have responded to the political mobilization of their largest minorities Palestinians and Kurds It traces the historical trajectories of nation building examines the securitization of minority rights and explores the ways in which demands for autonomy recognition and equal participation are interpreted as existential threats to national unity Drawing on the ethnic boundary making framework the chapters analyse how divergent strategies exclusion in Israel and forced assimilation in Turkey have shaped patterns of inclusion and exclusion with particular attention to the symbolic role of trans border kinship collective rights and political representation By highlighting the narratives of political elites this book illuminates how ethnic minorities come to be treated as inside outsiders navigating the tensions between national loyalty and ethno cultural affiliation Essential reading for scholars of comparative politics nationalism Middle East studies and ethnic relations this book deepens our understanding of how contested identities are negotiated in the modern nation state

The Normalization of War in Israeli Discourse, 1967-2008 Dalia Gavriely-Nuri, 2013 The Normalization of War in Israeli Discourse 1967 2008 by Dalia Gavriely Nuri opens a window to how Israelis talk write and think about war In the post World War II period Israel has taken part in eight wars more than almost any other western democracy In addition to official wars Israel has experienced two Intifadas and

repetitive long periods of bombings of its border settlements This book argues that such an intensive involvement in military actions provides a natural arena for a uniquely fertile war discourse Gavriely Nuri identifies a special war discourse a war normalizing discourse WND WND as a set of linguistic discursive and cultural devices aims at blurring the anomalous character of war by transforming it into an event perceived as natural a normal part of life Moreover the WND is served as a unique rhetorical compass and illuminates one basic organizing principle underlying the Israeli war discourse WND has been in use throughout Israel s history in periods of war as well as in periods of relative peace It has become a fundamental part of the Israeli public discourse concerning both peace and war and an integral part of Israeli identity The Normalization of War in Israeli Discourse 1967 2008 is an essential investigation into how nations use rhetoric and tactical discourse to normalize their conflicts **Everyday Life in the Segmented City** Camilla Perrone, Gabriele Manella, Lorenzo Tripodi, 2011-11-10 The conference Everyday Life in the Segmented City held in July 2010 Florence gathered a multiplicity of approaches and points of view dealing with issues of global urbanization This title contains a selection of the papers presented at the conference
