

The background of the slide is a collage of financial and analytical imagery. On the left, a blue-toned world map is visible. Overlaid on the map and the rest of the slide are various financial charts, including bar graphs and line graphs. A large magnifying glass is positioned in the lower-left quadrant, focusing on a specific bar chart. The right side of the slide features a red-toned background with abstract geometric shapes and faint circular patterns. The title text is presented in two black rectangular boxes with white, italicized, sans-serif font.

Criminal Investigation Steven G. Brandl, 2017-12-07

Criminal Investigation Fourth Edition offers a comprehensive and engaging examination of criminal investigation and the vital role criminal evidence plays in the process. The text focuses on the five critical areas essential to understanding criminal investigations: background and contextual issues, criminal evidence, legal procedures, evidence collection procedures, and forensic science. In this new edition, esteemed author Steven G. Brandl goes beyond a simple how-to on investigative procedures and analyzes modern research and actual investigative cases to demonstrate their importance in the real world of criminal justice.

New to the Fourth Edition:

- New and updated statistical information, research findings, investigative procedures, and legal cases ensure students are learning about the most current research in the field.
- Several new "From the Case File" chapter introductions and 25 new in-chapter "Case in Point" investigative case examples make it easier for students to connect the content to the real world.
- More than 75 new photos, most of which are case photos from actual investigations, illustrate key concepts to help keep students engaged with the content.
- New material on documenting evidence via reports provides examples of well-written police reports to help students build better writing skills.
- New material on social media and evidence from electronic digital devices discusses how to use new technology as a source of information.
- A stronger focus on terrorism and the use of technology in investigations encourages students to discuss and critically analyze the future of criminal investigations.
- New sections titled "Mental Mistakes in Criminal Investigations," "Perspectives on the Criminal Investigation Process," and "Qualities and Characteristics of Investigators" offer students tips and advice for conducting successful investigations.
- New material on touch DNA helps students see the benefits and limitations of scientific evidence gathered from a crime scene.
