Changing Faces Stories Of Death And Resurrection

Sheldon W. Liebman

Changing Faces Stories Of Death And Resurrection:

Changing Faces Brian Mountford,1990-03-08 **The Changing Faces of Jesus** Geza Vermes,2002-02-26 Who was the real Jesus How was this Palestinian charismatic transformed by later generations into the heavenly savior who is the focus of the Christian Church Did Jesus s own teachings lead to his divine characterization Or did the church centered needs of gentile Christianity hide his true face obscuring the religion he preached and practiced With unique authority sensitivity and insight renowned scholar Geza Vermes explores these difficult questions by examining the New Testament writings placing them in the context of the Jewish civilization of the first century Starting with the elevated divine figure of Christ presented in the most recent Gospel the Gospel of John Vermes travels back through earlier accounts of Jesus s life to reveal the true historical figure **The Vermes Quest** Hilde Brekke Moller,2017-07-13 Geza Vermes is a household name within the study of the historical Jesus and his work is associated with a significant change within mainstream Jesus research typically labelled the third quest Since the publication of *Jesus the Jew* in 1973 many notable Jesus scholars have interacted with Vermes s ideas and suggestions yet their assessments have so far remained brief and ambiguous Hilde Brekke Moller explores the true impact of Vermes s Jesus research on the perceived change within Jesus research in the 1980s and also within third quest Jesus research by examining Vermes s work and the reception of his work by numerous Jesus scholars Moller looks in particular depth at the Jewishness of Jesus the Son of Man problem and Vermes s suggestion that Jesus was a Hasid all being aspects of Vermes s work which have attracted the most scholarly attention Moller s research historical approach focuses not only on the leading scholars of the field such as E P Sanders J D Crossan J P Meier and C A Evans but also sheds light on underplayed aspects of previous research and responds to the state of affairs for recent research by challenging the rhetoric of current historical Jesus scholarship **Church Observer** ,1988 **Whitaker's Books in Print** ,1998 *The Great Betrayal* Sheldon W. Liebman,2018-11-27 In the view of many contemporary scholars both Jesus and Judaism have been misrepresented by the church for the past two thousand years Their main point is that Judaism was not a superficial rigid and outdated religion and Jesus did not reject it In fact along with his disciples he remained a Law abiding Jew his entire life However as Christianity developed from a Jewish sect in the first century AD to the official religion of the Roman Empire in the fourth century the church was transformed Jesus was redefined and both Jews and their religion were repudiated and marginalized In short both Christians and Jews were deeply affected by what many scholars now call the de Judaization of Jesus This book is an attempt to correct the traditional theological and scholarly misinterpretations of Jesus and Judaism that emerged over the first four centuries of the life of the church Rock of Ages John Butler,2013-06-27 Far from being the immutable Rock of Ages He is often assumed to be the God of Christian history and tradition has had many different and often conflicting faces Rock of Ages opens with the emergence of the Biblical God from the pantheon of deities in bronze age Canaan and culminates in the radical images of God that were appearing at the end of the twentieth century

providing a historical overview of the different and sometimes conflicting ways in which He has been understood By examining the ideas of key writers down the ages whose ecclesiastical or intellectual power has allowed their insights to become embedded in the mainstream traditions of the Christian churches Butler seeks to answer one central question Why is it that people across the ages have claimed to have seen so many different and sometimes contradictory faces of the Christian God Or more specifically If there is one true God and if He is known to those who believe in him through the revelation of Himself in history why hasn't a consistent and unified understanding of Him emerged in the witness and testimony of those who claim to have seen his face In the best of scholarly traditions Butler presents his work as a clear account of his own quest for an answer but although suggesting possibilities he leaves others to come to their own judgements using the evidence available Written in a clear and attractive style this is a book for anyone without any prior knowledge of history theology or philosophy be they atheists Christians looking to explore their faith students or simply anyone interested in the history of religion
