Evaluation 6 3 Avenues for Further Research **Prophecy in the Ancient Near East** Jonathan Stökl,2013-02-06 Since the

1990s there has been an emphasis on the study of ancient Israelite prophecy in its ancient Near East context Prophecy in the
Ancient Near East is the first book length study that compares prophecy in the ancient Near East by focusing on texts from
Mari the Neo Assyrian State Archives and the Hebrew Bible The author analyzes prophecy in each culture independently
before comparisons are made This method demonstrates how prophecy is a part of the wider system of divination but also
shows where scholarship has unduly imported concepts found in one corpus to the other two This method for example calls
into question the supposed link between music and prophecy from the Hebrew Bible to the ancient Near East This work
provides an up to date analysis of ancient Near Eastern including Israelite and Judean prophecy to scholars and students
alike I thoroughly enjoyed reading the book and I can highly recommend it to anyone interested in prophecy in Israel and the
ancient Near East Lena Sofia Tiemeyer University of Aberdeen Review of Biblical Literature The content of Jonathan Stökl s
book testifies to the value of the book for the studies of prophecy in the ancient Near East Wojciech Pikor John Paul II

Catholic University of Lublin The Biblical Annals Prognostication in the Medieval World Matthias Heiduk, Klaus Herbers, Hans-Christian Lehner, 2020-11-09 Two opposing views of the future in the Middle Ages dominate recent historical scholarship According to one opinion medieval societies were expecting the near end of the world and therefore had no concept of the future According to the other opinion the expectation of the near end created a drive to change the world for the better and thus for innovation Close inspection of the history of prognostication reveals the continuous attempts and multifold methods to recognize and interpret God's will the prodigies of nature and the patterns of time That proves on the one hand the constant human uncertainty facing the contingencies of the future On the other hand it demonstrates the firm belief during the Middle Ages in a future which could be shaped and even manipulated The handbook provides the first overview of current historical research on medieval prognostication It considers the entangled influences and transmissions between Christian Jewish Islamic and non monotheistic societies during the period from a wide range of perspectives An international team of 63 renowned authors from about a dozen different academic disciplines contributed to this comprehensive overview

Representing Jewish Thought Agata Paluch, 2021-01-18 Representing Jewish Thought originated in the conference convened in honour of Professor Ada Rapoport Albert on the theme of visual representations of Jewish thought from antiquity to the early modern period The volume encompasses essays on various modes and media of transmitting and representing thought pertinent to Jewish past and present It explores several approaches to the study of the transmission of ideas in historical sources zooming in on textual and visual hermeneutics to material and textual culture to performative arts The volume has brought together scholars from different subfields of Jewish Studies covering thousands of years of Jewish history who invite further scholarly reflection on the expression transmission and organisation of knowledge in Jewish contexts

Cicero Gesine Manuwald, 2014-11-28 Marcus Tullius Cicero 106-43 BCE introduced Romans to the major schools of Greek philosophy forging a Latin conceptual vocabulary that was entirely new But for all the sophistication of his thinking it is perhaps for his political and oratorical career that Cicero is best remembered He was the nemesis of Catiline whose plot to overthrow the Republic he famously denounced to the Senate He was the selfless politician who turned down the opportunity to join Julius Caesar and Pompey in their ruling triumvirate with Crassus He was briefly Rome's leading man after Caesar's assassination in 44 BCE And he was the great political orator whose bitter conflict with Mark Antony led to his own violent death in 43 BCE In her authoritative survey Gesine Manuwald evokes the many faces of Cicero as well as his complexities and seeming contradictions She focuses on his major works allowing the great writer to speak for himself Cicero's rich legacy is seen to endure in the works of Quintilian and the Church Fathers as well as in the speeches of Harry S Truman and Barack Obama

Verb Second in Medieval Romance Sam Wolfe, 2019 This volume provides the first book

length study of the controversial topic of Verb Second and related properties in a range of Medieval Romance varieties The findings have widespread implications for the understanding of both the key typological property of Verb Second and the development of Latin into the modern Romance languages
