**Postwall German Cinema** Matthias Frey, 2013 Since the fall of the Berlin Wall there has been a proliferation of German historical films These productions have earned prestigious awards and succeeded at box offices both at home and abroad where they count among the most popular German films of all time Recently however the country's cinematic take on history has seen a significant new development the radical style content and politics of the New German Cinema With in depth analyses of the major trends and films this book represents a comprehensive assessment of the historical film in today's Germany Challenging previous paradigms it takes account of a postwall cinema that complexly engages with various historiographical forms and above all with film history itself **Lars von Trier's Cinema** Rebecca Ver Straten-McSparran, 2021-11-11 This book offers a bold and dynamic examination of Lars von Trier's cinema by interweaving philosophy and theology with close attention to aesthetics through style and narrative It explores the prophetic voice of von Trier's films juxtaposing them with Ezekiel's prophecy and Ricoeur's symbols of evil myth and hermeneutics of revelation The films of Lars von Trier are categorized as extreme cinema inducing trauma and emotional rupture rarely paralleled while challenging audiences to respond in new ways This volume argues that the spiritual biblical content of the films holds a key to understanding von Trier's oeuvre of excess Spiritual conflict is the mechanism that unpacks the films notorious excess with explosive centrifugal force By confronting the spectator with spiritual conflict through evil von Trier's films truthfully and prophetically expose the spectator's complicity in personal and structural evil forcing self examination through theological themes analogous to the prophetic voice of the transgressive Hebrew prophet Ezekiel his prophecy and its form of delivery Placed in context with the prophetic voices of Dante Milton Dostoyevsky O'Connor and Tarkovsky this volume offers a theoretical framework beyond von Trier It will be of great interest to scholars in film studies film and philosophy film and theology *Mil vidas valem mais do que uma* Jean-Paul Belmondo, 2018-11-09 Este livro fascinante promove um vertiginoso passeio pela Europa e pelo cinema europeu Alguns dos mais famosos e importantes nomes da literatura das artes

plásticas e do cinema desfilam por estas páginas protagonizando histórias deliciosas dramáticas ou hilariantes A leitura de Mil vidas valem mais do que uma experiência e gratificante conduzida pela mão firme de um Belmondo que sofreu amor e se divertiu num mundo que se por um lado lhe propiciou tristezas e revezes por outro lhe deu fama e glória Enfim a história de uma vida longa e intensa que como se ver valeu muito a pena ser vivida *Body Genre* David Scott Diffrient,2023-11-27

In this groundbreaking work author David Scott Diffrient explores largely understudied facets of cinematic horror from the various odors permeating classic and contemporary films to the wetness sliminess and stickiness of these productions which he argues practically scream out for a tactile mode of textural analysis as much as they call for more traditional forms of textual analysis Dating back to Carol Clover's and Linda Williams's pioneering work on horror cinema film scholars have long conceptualized this once disreputable category of cultural production as a body genre However despite the growing recognition that horror serves important biological and social functions in our lives scholars have only scratched the surface of this genre with regard to its affective corporeal and sensorial appeals Diffrient anatomizes horror films in much the same way that a mad scientist might handle the body separating and recombining constitutive parts into a new analytical whole Further he challenges the tendency of scholars to privilege human over nonhuman beings and calls into question ableist assumptions about the centrality to horror films of sight and sound to the near exclusion of other forms of sense experience In addition to examining the role that animals living or dead real or fake play in human centered fictions this volume asks what it means for audiences to consume motion pictures in which actors stunt performers and other creative personnel have put their own bodies and lives at risk for our amusement Historically grounded and theoretically expansive *Body Genre Anatomy of the Horror Film* moves the study of cinematic horror into previously uncharted waters and breathes life into a subject that not coincidentally is intimately connected to breathing as our most cherished dividing line between life and death Brigitte Bardot Ginette Vincendeau,2019-07-25 Ginette Vincendeau analyses Bardot's rise to fame as a highly acclaimed French international film star and fashion icon from her early days as a fashion model and ballet dancer to her period of high stardom between 1956 and 1960 Frances Farmer Peter Shelley,2014-01-10 Previous biographies of American actress Frances Farmer 1913-1970 have downplayed her professional achievements to emphasize her turbulent personal life including several police arrests and repeated confinements in a state mental hospital By focusing upon her acting career this book endeavors to restore her position as a significant Hollywood player of the 1930s 40s and 50s An analysis of her film radio and television work is offered as well as assessments of the three Frances Farmer biopics and the documentaries in which she is featured Each of her 16 films receives a chapter length discussion A very lengthy biographical chapter is included The Romanian Cinema of Nationalism Onoriu Colăcel,2018-10-25 Prior to the collapse of communism Romanian historical movies were political encouraging nationalistic feelings and devotion to the state Vlad the Impaler and other such iconic figures emerged as heroes rather than loathsome bloodsuckers celebrating a shared sense of belonging The

past decade has however presented Romanian films in which ordinary people are the stars heroes go getters swindlers and sore losers The author explores a wide selection old and new of films set in the Romanian past     The Life and Times of Fray Junípero Serra, O.F.M. Maynard J. Geiger, 1959 Biography of Serra from his birth in Mallorca his early work in Mexico and the establishing of the missions in California
