Learning and Teacher Preparation National Assoc For Gifted Children, Christine L. Weber, 2021-09-03 Several states offer additional teacher preparation programs by providing either an endorsement or certification in the field but these are often pursued by teachers specifically enrolled in gifted coursework rather than in general education programs Practitioners and researchers agree that time and energy should be spent on training teachers in how to address the needs of gifted and talented students both within the regular classroom and in specialized programs This three book series acknowledges this need and provides specific strategies for professional development in a variety of settings using various methods Drawing on both literature in the field and research based best practices in professional learning this series provides the reader with a foundation for designing and implementing effective professional development experiences for educators working with gifted learners This volume focuses on a variety of techniques and methods in professional development From reflection practices to using case studies to incorporating technology authors provide specific tools and resources to consider when delivering effective professional development related to this specific population of learners A service publication of the National Association for Gifted Children Washington DC This designation indicates that this book has been jointly developed with NAGC and that this book passes the highest standards of scholarship research and practice Handbook of Special Education James M. Kauffman, Daniel P. Hallahan, Paige Cullen Pullen, 2017-05-25 The purpose of the Handbook of Special Education is to help profile and bring greater clarity to the already sprawling and continuously expanding field of special education To ensure consistency across the volume chapter authors review and integrate existing research identify strengths and weaknesses note gaps in the literature and discuss implications for practice and future research The second edition has been fully updated throughout to take into account recent changes to federal laws as well as the most current academic research and an entirely new section has been added on research methods in special education *Curriculum Planning and Instructional Design for Gifted Learners* Joyce VanTassel-Baska, Ariel Baska, 2021-09-23 This updated third edition of Curriculum Planning and Instructional Design for Gifted Learners **Special Education in Contemporary Society** Richard M. Gargiulo, Emily C. Bouck, 2016-12-02 2015 Recipient of the Textbook Excellence Award from the Text and Academic Authors Association TAA The Sixth Edition of Richard Gargiulo's well respected Special Education in Contemporary Society An Introduction to Exceptionality offers a comprehensive engaging and easy to read introduction to special education Grounded in research and updated to reflect the most current thinking and standards of the field the book provides students with the skills and knowledge to become successful teachers Richard Gargiulo and new co author Emily Bouck encourage a deep awareness and understanding of the human side of special education Their book provides students a rare look into the lives of exceptional students and their families as well as the teachers that work with exceptional persons throughout their lives The new edition maintains the broad context and research focus for which the book is known while expanding on current trends and contemporary issues to better serve both pre service and in service teachers of exceptional

individuals The text is organized into two distinct parts to offer students a truly comprehensive and humane understanding of exceptionality In Part I readers are provided strong foundational perspective on broad topics that affect all individuals with an exceptionality In Part II the authors engage students with thorough examinations of individual exceptionalities and discuss historical personal and educational details of each exceptionality as it affects a person across the lifespan Fundamentals of Gifted Education Carolyn M. Callahan, Holly L. Hertberg-Davis, 2013 The field of gifted education is characterized by a confusing array of perspectives concerning such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book's forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book's introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area
