Fallibility and Fallibilism in Ancient Philosophy and Literature Therese Fuhrer, Janja Soldo, 2023-12-18 Mankind s constant struggle with physical as well as mental weaknesses is omnipresent in ancient literature misconduct wrongdoing failure and experiences of contingency are anthropological phenomena Ancient ethics epistemology and natural philosophy have developed different theoretical approaches and guidelines on how to act and how to overcome all kinds of problems Christian theology on the other hand has explained moral failure as a symptom of original sin comparing decline and destruction to a burden from which mankind is relieved only at the end The contributions explore how ancient philosophical texts both pagan and Christian explain conceptualize and integrate the myriad manifestations of human fallibility into the different philosophical schools The focus is on anthropological ontological and theological concepts that analyse and reflect human fallibility as well as on the textual and linguistic representation of the phenomenon in ancient literature Several contributions in the volume explore literary texts that discuss or illustrate the philosophical dimension of fallibility such as satire s or tragedy s often exaggerated depiction of human weakness

Vergil's Eclogues George C. Paraskeviotis, 2019-11-04 Between 42 and 39 BC Vergil composed the first Latin pastoral collection entitled Eclogues and consisting of ten poems in the form in which it has come down to us Vergil s Eclogues represent the introduction of a new genre the pastoral to Latin literature and recall the Hellenistic poet Theocritus who invented this genre The fact that the Roman author inserts into the text elements from other Greek and Latin texts modifying them through innovations and changes constitutes an attractive field of research This book shows that Vergil s dialogue with the earlier Greek and Latin tradition is not only typical of the way in which Latin literature was written in the 1st century BC rather it is also a dynamic literary method used to affect and define the character of each Eclogue
