

## MIRRORS

### Door mirrors

Each fitted with an adjustable mirror glasses providing the lateral rearward vision necessary for overtaking or parking. They can also be folded.

### Adjustment

With the ignition on:

- move control **A** to the right or to the left to select the corresponding mirror,
- move control **B** in all four directions to adjust,
- return control **A** to the central position.

The objects observed are, in reality, closer than they appear.

Take this into account in order to correctly judge the distance of vehicles approaching from behind.

Demisting/defrosting of the door mirrors is associated with that of the rear screen.

### Folding

- from outside; lock the vehicle using the remote control or the key,
- from inside; with the ignition on, pull control **A** rearwards.

If the mirrors are folded using control **A**, they will not unfold when the vehicle is unlocked. Control **A** must be pulled again.

### Unfolding

- from outside; unlock the vehicle using the remote control or the key,
- from inside; with the ignition on, pull control **A** rearwards.

If the position is changed manually, a long press on control **A** re-engages the mirror.

The folding and unfolding of the exterior mirrors using the remote control can be deactivated by a CITROËN dealer.

## Rear view mirror

Adjustable mirror providing a central rearward view.

Equipped with an anti-dazzle system, useful in poor light.

### Manual day/night model

### Adjustment

- Adjust the mirror so that the glass is directed correctly in the "day" position.

### Day/night position

- Pull the lever to change to the "night" anti-dazzle position.
- Push the lever to change to the normal "day" position.

As a safety precaution, the mirrors must be adjusted to reduce the "blind spot".
