Critical Care Nursing A Holistic Approach:

Critical Care Nursing Patricia G. Morton, Paul Thurman, 2023-01-27 Critical Care Nursing A Holistic Approach 12th Edition remains the go to resource on the nurse's role in today's challenging critical care practice delivering essential coverage of theory and principles within a practical context to prepare students to care for patients who are critically ill and their families. The text's popular holistic approach emphasizes comprehensive patient care incorporating psychosocial concepts assessment and management of a variety of disorders. Updated with the latest research and practices this 12th Edition streamlines content to make complex information more approachable. Authors Patricia G. Morton and Paul Thurman along with a team of expert contributors have optimized the text to reflect essential coverage in an efficient approach ideal for a single semester course. Clear concise writing engaging visuals and application focused learning features work together to promote critical thinking and clinical judgment helping students build the clinical competence for effective patient care and make a confident transition to practice in critical care nursing. New to this edition: NEW Updated content reflects important updates on pandemic response bioterrorism COVID 19 and SARS and the opioid epidemic. UPDATED Streamlined organization helps students learn efficiently and stay focused on essential concepts and practices for effective patient care.

Critical Care Nursing Patricia Gonce Morton, Dorrie K. Fontaine, 2012-10-01 Fully revised and streamlined to include the most recent information Critical Care Nursing A Holistic Approach 10e provides students with the theory and application knowledge necessary to fully prepare them for the highly specialized and complicated technical world of critical care nursing. These specially designed features assist students in providing competent and compassionate care to critically ill patients and their families. NEW Evidence Based Practice Highlights focus attention on the importance of research based practice and include significant excerpts from AACN practice alerts as well as guidelines from other relevant organizations. NEW Icons to identify drug therapy tables as well as laboratory and diagnostic tables focus attention on significant information. NEW Spotlight on Genetics box appearing in selected chapters is key to understanding how genetic factors influence disorders. NEW Patient Safety boxes guide safe and effective practice by alerting the critical care nurse of risk factors signs and symptoms side effects and complications. Considerations for the Older Patient boxes highlight the special needs of the fastest growing part of our population older patients. Health History boxes summarize key areas that should be covered and relevant information that may be revealed during the health history. Collaborative Care Guides presented in a tabular format containing outcomes and interventions describe how the health care team works together to manage a patient's illness and minimize complications. Teaching Guides help the critical care nurse to prepare patients and family members for procedures assist patients and family members with understanding the illness they are dealing with explain post procedure or postoperative activities or prepare a patient for discharge from the hospital. Nursing Diagnoses boxes use current NANDA terminology to summarize common nursing diagnoses for particular conditions. Nursing Interventions tables and boxes
