Critical Stages Of Biblical Counseling:

Critical Stages of Biblical Counseling Jay E. Adams, 2020-03 This book is a trilogy in which Dr Adams leads both the novice and experienced counselor through the three key counseling sessions or stages which are common to the entire counseling process. **Getting Started The First Session** What you do in the first session will set the tone for what follows for good or for ill. If done well it will help the counselee to gain confidence in your minister to him and more importantly in the Word of God and the God of the Word. **Breaking Through The Turning Point** The turning point in counseling sessions is that point at which the counselor sees the beginning of appreciable observable change a change of knowledge or understanding of determination of conviction or of commitment. A turning point is crucial because true Christian change of the sort that pleases God always involves a closer approximation of the thoughts and life of the counselee to the ways of God presented in the Scriptures. **Finishing Well Termination** This final section concerns those basic issues that have to do with closing out a series of counseling sessions how to know when how to do it and how to follow up.

Understanding the Art of Biblical Counseling Dr. Sam S. Gasela-Mhlanga, 2020-10-23 It is a Biblical Counseling book that zeros in on counseling people with HIV/AIDS in particular and any other general disease that has similar stigma in nature in general. The book discusses the counsel for sexual behavioral change counseling children with HIV/AIDS women especially in Africa who face social inequality and are exposed to HIV/AIDS infections more than men. The book also discusses a secular Rational Emotive Therapy as a model for interventions contrary to Biblical Counseling posing a question if Christian women can opt to use RET as alternative options. Counseling people with suicidal thoughts the orphans and counseling the dying is part of the main thrust of this book. As a matter of fact this book answers many questions for all Christians who are confronted by dire decisions to make about their health and lives. This is a highly recommended book gives practical guidance in making one's decisions about health and choices in life for better future.

The Biblical Counseling Movement after Adams (Foreword by David Powlison) Heath Lambert, 2011-11-02 People inside and outside of the biblical counseling movement recognize differences between the foundational work of Jay Adams and that of current thought leaders such as David Powlison. But as any student or teacher of the discipline can attest those differences have been ill defined and largely anecdotal until now. Heath Lambert the first scholar to analyze the movement's development from within shows how biblical counseling emerged from and remains rooted in a commitment to the sufficiency of Scripture and the need to give practical help to struggling people. He identifies contemporary leaders including Powlison Ed Welch Paul Tripp and Wayne Mack who emphasize the sinner as sufferer the heart as key to motivation and the need to interact humbly with critics. Demonstrating how these refinements in framework methodology and engagement style are characteristic of a second generation of biblical counselors Lambert contends this new wave of counselors is now increasingly balanced in their counseling methods. With a substantial foreword from David Powlison and strong support from prominent biblical counselors this book will help all Christians interested in the

fundamentally theological task of counseling to think carefully and biblically about how it is taught and practiced
