Critical Issues In Education Dialogues And Dialectics

Jack L. Nelson

Critical Issues In Education Dialogues And Dialectics:

Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2020-08-12 *Critical Issues in Education* examines three questions that are at the core of the education debate in the United States What interests should schools serve What knowledge should schools teach How do we develop the human environment of schools When answering these queries the authors advocate the use of critical thinking which includes dialogue and dialectic reasoning Dynamic and interactive dialogue requires listening and assessment while dialectic stimulates the development of a creative response that encompasses both sides of an issue When applied these approaches engender an informative and stimulating discussion In order to explore the depth of current educational issues the Ninth Edition considers 15 topics providing supporting evidence and reasoning for two divergent views These issues include violence in schools the role of technology gender equity multiculturalism inclusion and disability and school choice Both civic and professional discussions regarding improvements will have consequences for students teachers and society As a result educational views and the social landscape in which they reside deserve critical study

Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Kenneth Carlson, Mary Rose McCarthy (Ph. D.), 2004 Designed to be used in courses that examine relevant pro and con disputes about schools and schooling By exploring the major opposing viewpoints on the issues this text encourages education students to think critically and develop their own viewpoints It includes research and scholarship discussion suggestions and bibliographic references

Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2017-07-27 Few subjects engender more strongly held beliefs and contrary views than education The outcomes of debates over education and educational reform impact all citizens Media coverage of these controversies is sometimes shallow and one sided fostering the need to develop critical thinking skills These skills in turn open opportunities for personal growth joining the public debate and helping others participate in critical discussions The authors of *Critical Issues in Education* present two opposing positions for each of sixteen different hot button issues including multiculturalism school finance charter schools teacher evaluation cyberbullying and gender equity Prospective teachers will find the authors approach eye opening and stimulating Ideally they will teach these valuable skills to their students who will prosper academically and personally from understanding and considering diverse viewpoints

Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Kenneth Carlson, 2000 This text is designed to be used in courses that examine relevant pro and con disputes about schools and schooling It explores the major opposing viewpoints on these issues and encourages students to develop critical thinking skills and to grasp the many sides of these complex issues

Critical Issues in Education Jack L. Nelson, 2010

Critical Issues in Education: Dialogues and Dialectics Jack Nelson, Stuart Palonsky, Mary Rose McCarthy, 2006-08-04 *Critical Issues in Education* is designed to be used in courses that examine current relevant pro and con disputes about schools and schooling By exploring the major opposing viewpoints on these issues the text encourages education students to

think critically and develop their own viewpoints The clear writing and dramatic dialectic approach are conducive to dynamic classroom discussions that help students grasp the many sides of these complex issues Three integrating themes provide a solid framework for examining the eighteen topics covered Each part begins with a chapter length introduction that provides background material and organizing themes for the issues that follow Each issue is then presented from two divergent viewpoints each one written in advocate language to be as compelling as possible The book s objective in addition to informing the reader about the issues is to develop critical thinking skills within the context of education

The Fate of Liberal Arts in Today's Schools and Colleges William Hayes,2015-12-11 It is the purpose of this book to examine the ever changing meaning of the term liberal arts and to trace its development from antiquity to the present In doing so the text will compare and contrast the values of such an education with the other important objective of schools and colleges which is to prepare students with appropriate occupational training The book will highlight the arguments of both points of view In doing so attention will be paid to the contributions to society of those who have been exposed to a variety of educational curricula As part of the study the impact of the community college will be considered along with the impact of recent initiatives such as the Nation at Risk Report No Child Left Behind Race to the Top and the Common Core Finally the text will conclude with an attempt to suggest the direction that will determine the fate of liberal arts in schools and colleges

Empowering our Students for the Future Scott D. Wurdinger,J. Cynthia McDermott,Kiel Harell,Hilton Smith,2019-10-04 Educators of every kind such as school superintendents principals teachers higher education practitioners community organizers and even students will gain essential skills resources and examples to encourage and support individual as well as collective empowerment from early childhood education through college in both traditional classrooms and in the broader community Working toward the goal of empowering young people as active citizens this collection of chapters presents voices from across the broad community of educators who share their successful individual work of methods and practices that empower young people to engage in their own agency By using student centered practices in and out of the classroom their stories demonstrate multiple ways to successfully achieve these ends The book clearly and effectively presents these concepts How to encourage self directed learning methods and examples of participatory practices and inquiry methods strategies designing and supporting Problem Based Learning models for civic engagement organizing strategies and practices related to Critical Race Theory This collection can provide practitioners with strategies and skills that will encourage and develop self confidence and self direction in many arenas working together to create change in a democratic landscape as youth learn to use their power

Interrogating Critical Pedagogy Pierre Wilbert Orelus,Rochelle Brock,2014-11-13 Educators teacher practitioners and social activists have successfully used critical pedagogy as a tool to help marginalized students develop awareness and seek alternative solutions to their poor educational and socioeconomic situations However this theory is often criticized as being mostly dominated by privileged white males bringing issues of race

and gender to the forefront This volume provides insight on how critical pedagogy can be helpful to scholars and teachers alike in their analysis of racial gender linguistic and political problems It features a wide range of respected scholars who examine the way and the degree to which critical pedagogy can be used to improve education for students of color women and other marginalized groups

Cyberbullying and the Critical Importance of Educational Resources for Prevention and Intervention Marzano, Gilberto, Lizut, Joanna, 2019-05-15 The prevention of cyberbullying is an ongoing challenge due to the multifaceted nature of cyberbullying and the difficulties in realizing effective interventions that involve educational institutions educators and families Enduring prevention programs through education need to be defined and take into account that the digital revolution changes the way and the meaning of interpersonal relationships Cyberbullying and the Critical Importance of Educational Resources for Prevention and Intervention is a collection of innovative research on the methods and applications of policies and other strategies that identify and prevent online harassment among middle and high school students Among the strategies discussed are the involvement of school institutions and families in planning continuous and well structured awareness activities as well as designing and running effective educational initiatives for intervention While highlighting topics including digital technologies bullying behaviors and online communication this book is ideally designed for policymakers educators academicians administrators and researchers
