Critical Perspectives on the Curriculum of Teacher Education Thomas Stewart Poetter, Thomas Lee Goodney, Jennifer Lynne Bird, 2004 Critical Perspectives on the Curriculum of Teacher Education is a collection of papers written by students in a widely recognized doctoral program in curriculum and educational leadership The editors have compiled these papers to discuss key ideas and present new possibilities for teachers in terms of formal and informal curriculum interventions This book will challenge readers to rethink long standing assumptions that pass for conventional wisdom in the field Critical Perspectives on the Curriculum of Teacher Education Thomas S. Poetter, Thomas L. Goodney, Jennifer L. Bird, 2004-06-18 Critical Perspectives on the Curriculum of Teacher Education is a collection of papers written by students in a widely recognized doctoral program in curriculum and educational leadership The editors have compiled these papers to discuss key ideas and present new possibilities for teachers in terms of formal and informal curriculum interventions This book will challenge readers to rethink long standing assumptions that pass for conventional wisdom in the field *Inside - Out* Rebecca A. Martusewicz, William M. Reynolds, 1995-05 First Published in 1995 Routledge is an imprint of Taylor Francis an informa company *Critical Perspectives on Global Literacies* Shea N. Kerkhoff, Hiller A. Spires, 2023-05-05 This book offers critical perspectives on global literacies connecting research theory and practice An emerging concept in the literacy field many scholars agree on the need for students to develop global literacies yet few agree on a widely accepted definition Based on a synthesis of the literature the editors formulate a definition of global literacies with four dimensions including literacy as a human right in all nations around the world critical reading and creation of multimodal texts about global issues intercultural communication and reciprocal collaboration with globally diverse others and transformative action for social and environmental justice that traverses borders Taking this shared proposed definition as a starting point the chapters then offer contextualized examples of global literacies from K 12 and teacher education classrooms to make explicit links between research and practice The contributors interact with and interrogate the book's definition of global literacies using a common framework of critical theory As such this book provides both emerging and established scholars with critical frameworks for positioning global literacies in ways that are relevant dynamic and forward thinking *Critical Perspectives on Global Englishes in Asia* Fan Fang, Handoyo Puji Widodo, 2019-06-05 Although the notion of Global Englishes GE has been widely discussed in the literature few books consider how GE can be translated into educational practice This book addresses the incorporation of GE into language policy and curriculum pedagogy and assessment practices and focuses on a wide range of geographical and language contexts Incorporating GE into language curriculum pedagogy and assessment practices calls for a reframing of our pedagogical practices that take into account the use of Englishes in intercultural and multicultural encounters where people have different first languages and cultural backgrounds This book will be of interest to policymakers curriculum developers and practitioner researchers in the area of English language education Critical

Perspectives on Early Childhood Education Lois Weis, Philip G. Altbach, Gail P. Kelly, Hugh G. Petrie, 1991-09-10 This book explores key policy issues related to early childhood education Through the contributions of various professionals in the field the editors provide a vision practical and possible of early childhood education in the 1990s Part I delves into the complex world both personal and professional of the classroom teacher The essays in Part II look at issues of the school community including the roles of class race gender and exceptionality Finally Part III examines the relationship between schools and the community at large and how complex issues find their way into social and economic policies that often stifle rather than support the democratic vision of American schools Taken as a whole the volume presents a stimulating discussion of the current state of early childhood education policy and practice

Critical Pedagogy and Teacher Education in the Neoliberal Era Susan L. Groenke, J. Amos Hatch, 2009-07-30 Susan L Groenke and J Amos Hatch It does not feel safe to be critical in university based teacher education programs right now especially if you are junior faculty In the neoliberal era critical teacher education research gets less and less funding and professors can be denied tenure or lose their jobs for speaking out against the status quo Also we know that the pedagogies critical teacher educators espouse can get beginning K 12 teachers fired or shuffled around especially if their students test scores are low This paired with the resistance many of the future teachers who come through our programs predominantly White middle class and happy with the current state of affairs show toward critical pedagogy makes it seem a whole lot easier less risky even smart not to do critical pedagogy at all Why bother We believe this book shows we have lots of reasons to bother with critical pedagogy in teacher education as current educational policies and the neoliberal discourses that vie for the identities of our own local contexts increasingly do not have education for the public good in mind This book shows teacher educators taking risks seeking out what political theorist James Scott has called the small openings for resistance in the contexts that mark teacher education in the early twenty first century

Handbook of Research on Teachers of Color and Indigenous Teachers Conra D. Gist, Travis J. Bristol, 2022-10-15 Teachers of Color and Indigenous Teachers are underrepresented in public schools across the United States of America with Black Indigenous and People of Color making up roughly 37% of the adult population and 50% of children but just 19% of the teaching force Yet research over decades has indicated their positive impact on student learning and social and emotional development particularly for Students of Color and Indigenous Students A first of its kind the Handbook of Research on Teachers of Color and Indigenous Teachers addresses key issues and obstacles to ethnoracial diversity across the life course of teachers careers such as recruitment and retention professional development and the role of minority serving institutions Including chapters from leading researchers and policy makers the Handbook is designed to be an important resource to help bridge the gap between scholars practitioners and policy makers In doing so this research will serve as a launching pad for discussion and change at this critical moment in our country s history The volume s goal is to drive conversations around the issue of ethnoracial teacher diversity and to provide concrete practices for policy makers

and practitioners to enable them to make evidence based decisions for supporting an ethnoracially diverse educator workforce now and in the future

Critical Perspectives in Canadian Music Education Carol A. Beynon, Kari K.

Veblen, 2012-09-01 Music education in Canada is a vast enterprise that encompasses teaching and learning in thousands of public and private schools community groups and colleges and universities It involves participants from infancy to the elderly in formal and informal settings Nevertheless as post secondary faculties of music and programs are growing significantly academic books and materials grounded in a Canadian perspective are scarce This book attempts to fill that need by offering a collection of essays that look critically at various global issues in music education from a Canadian perspective Topics range from a discussion of the roots of music education in Canada and analysis of music education practices across the country to perspectives on popular music distance education technology gender globalization Indigenous traditions and community music in music education Foreword by composer R Murray Schafer
