iMuslims Gary R. Bunt, 2009-04-30 Exploring the increasing impact of the Internet on Muslims around the world this book sheds new light on the nature of contemporary Islamic discourse identity and community The Internet has profoundly shaped how both Muslims and non Muslims perceive Islam and how Islamic societies and networks are evolving and shifting in the twenty first century says Gary Bunt While Islamic society has deep historical patterns of global exchange the Internet has transformed how many Muslims practice the duties and rituals of Islam A place of religious instruction may exist solely in the virtual world for example or a community may gather only online Drawing on more than a decade of online research Bunt shows how social networking sites blogs and other cyber Islamic environments have exposed Muslims to new influences outside the traditional spheres of Islamic knowledge and authority Furthermore the Internet has dramatically influenced forms of Islamic activism and radicalization including jihad oriented campaigns by networks such as al Qaeda By surveying the broad spectrum of approaches used to present dimensions of Islamic social spiritual and political life on the Internet *iMuslims* encourages diverse understandings of online Islam and of Islam generally

Everybody's Talkin' Barry Monush, 2009 The movies of the 1960s ran the gamut from glossy studio product to a less linear and less inhibited style of filmmaking It was the decade during which censorship codes were demolished and the studio contract system fell apart Every genre was strongly represented from domestic dramas to spectacles musicals soap operas and westerns Some of the most diverse daring colourful outrageous and enduring of all motion pictures were released from 1965 to 1969 Screen World editor Barry Monush tells the reader why his top selections stood out among the other releases of those five years The text is

accompanied by illustrations of movie ads tie in book covers soundtrack albums sheet music and other oddities In addition each film s entry includes a plot synopsis the opening date the studio and a creative staff and cast listing From *The Sound of Music* to *Alfie* In the Heat of the Night to *The Lion in Winter* Bob Carol Ted Alice to *Planet of the Apes* *Easy Rider* and *Midnight Cowboy* here is a pop culture feast for film buffs and all fans of that interesting point in time that was the late 1960s

Safety is Your Business Denise Williams,2015-06-09 You have taken the plunge to understand what it takes to create a safe workplace for your employees If you are reading this you are a business owner human resources professional or safety ambassador who has been challenged with the task of creating a program that will guide your company toward a safe working environment By taking the initial steps to create a foundational program a safety culture can be cultivated

Drawing the Line Tom Sito,2006-10-06 Some of the most beloved characters in film and television inhabit two dimensional worlds that spring from the fertile imaginations of talented animators The movements characterizations and settings in the best animated films are as vivid as any live action film and sometimes seem more alive than life itself In this case Hollywood s marketing slogans are fitting animated stories are frequently magical leaving memories of happy endings in young and old alike However the fantasy lands animators create bear little resemblance to the conditions under which these artists work Anonymous animators routinely toiled in dark cramped working environments for long hours and low pay especially at the emergence of the art form early in the twentieth century In *Drawing the Line* veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit The former president of America s largest animation union Sito offers a unique insider s account of animators struggles with legendary studio kingpins such as Jack Warner and Walt Disney and their more recent battles with Michael Eisner and other Hollywood players Based on numerous archival documents personal interviews and his own experiences Sito s history of animation unions is both carefully analytical and deeply personal *Drawing the Line* stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry s past present and future Like most elements of the modern commercial media system animation is rapidly being changed by the forces of globalization and technological innovation Yet even as pixels replace pencils and bytes replace paints the working relationship between employer and employee essentially remains the same In *Drawing the Line* Sito challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form

The School Story David Aitchison,2022-02-04 *The School Story* Young Adult Narratives in the Age of Neoliberalism examines the work of contemporary writers filmmakers and critics who reflecting on the realm of school experience help to shape dominant ideas of school The creations discussed are mostly stories for children and young adults David Aitchison looks at serious novels for teens including Laurie Halse Anderson s *Speak* and Faiza Gu ne s *Kiffe Kiffe Tomorrow* the light

hearted middle grade fiction of Andrew Clements and Tommy Greenwald and Malala Yousafzai's autobiography for young readers *I Am Malala*. He also responds to stories that take young people as their primary subjects in such novels as Sapphire's *Push* and films including *Battle Royale* and *Cooties*. Though ranging widely in their accounts of young life, such stories betray a mounting sense of crisis in education around the world, especially in terms of equity: the extent to which students from diverse backgrounds have fair chances of receiving quality education and empowerment; the extent to which diverse students are encouraged to gain strength, confidence, and selfhood as learners. Drawing particular attention to the influence of neoliberal initiatives on school experience, this book considers what it means when learning and success are measured more and more by entrepreneurship, competitive individualism, and marketplace gains. Attentive to the ways in which power structures, institutional routines, school spaces, and social relations operate in the contemporary school story, *The School Story* offers provocative insights into a genre that speaks profoundly to the increasingly precarious position of education in the twenty-first century.

Decoding **Crossed Comic Download**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
