Crossing Border Street A Civil Rights Memoir:

Crossing Border Street Peter Jan Honigsberg, 2000 Honigsberg considers the impact of the change that occurred in the fall of 1967 when Martin Luther King's dream of blacks and whites working together in a cooperative partnership gave way to the new cry of Black Power His memoir provides a glimpse into the civil rights movement and those who were forever changed by its struggle for human dignity and vision of racial justice and equality Jacket The Columbia Guide to America in the 1960s David Farber, Beth Bailey, 2003-04-09 The 1960s continue to be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the American past and the direction of the American future Amid the polemics and the myths making sense of the Sixties and its legacies presents a challenge This book is for all those who want to take it on Because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives The first section gives a lively narrative overview of the decade's major policies events and cultural changes The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution followed by a concise encyclopedia articles organized alphabetically This section could stand as a reference work in itself and serves to supplement the narrative Subsequent sections include short topical essays special subjects a brief chronology and finally an extensive annotated bibliography with ample information on books films and electronic resources for further exploration With interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars *The Columbia Guide to America in the 1960s* is the most complete guide to an enduringly fascinating era *Black Veterans, Politics, and Civil Rights in Twentieth-Century America* Robert F. Jefferson Jr., 2019-01-29 Fusing riveting testimony from African American veterans with the most incisive research of current military scholars *Black Veterans Politics and Civil Rights in 20th Century America* Closing Ranks explores the intersecting characteristics of civil rights struggle and political activism that was reflected in the lives of ex GIs throughout Twentieth Century American history The volume examines black veterans social and political activities throughout the 20th Century from the World Wars through the Korean and Vietnam War and ends with the Persian Gulf War Presenting the full flesh and blood experiences of black veterans who came from backgrounds and from all walks of life each essay captures how race gender ethnic class disability generation and region shaped their experiences in the nation's military during times of war and how these issues profoundly affected the postwar politics they embraced while trying to realize the true meaning of equality in America With original essays by emerging scholars in the field of study Closing Ranks is a foundational text for reassessing the relationship between the ex GI and the modern nation state and providing readers with a vivid window into the harsh realities that black citizen soldiers have faced during war and its aftermath for nearly a century Louisiana History Florence M. Jumonville, 2002-08-30 From the accounts of 18th century travelers to the interpretations of 21st century historians Jumonville lists more than 6 800 books chapters articles theses dissertations and

government documents that describe the rich history of America's 18th state. Here are references to sources on the Louisiana Purchase, the Battle of New Orleans, Carnival, and Cajuns. Less explored topics such as the rebellion of 1768, the changing roles of women, and civic development are also covered. It is a sweeping guide to the publications that best illuminate the land, the people, and the multifaceted history of the Pelican State. Arranged according to discipline and time period, chapters cover such topics as the environment, the Civil War, and Reconstruction, social and cultural history, the people of Louisiana, local, parish, and sectional histories, and New Orleans. It also lists major historical sites and repositories of primary materials. As the only comprehensive bibliography of the secondary sources about the state, *Louisiana History* is an invaluable resource for scholars and researchers.

SNCC's Stories Sharon Monteith, 2020-10-15 Formed in 1960 in Raleigh, North Carolina, the Student Nonviolent Coordinating Committee (SNCC) was a high-profile civil rights collective led by young people. For Howard Zinn in 1964, SNCC members were new abolitionists, but SNCC pursued radical initiatives and Black Power politics in addition to reform. It was committed to grassroots organizing in towns and rural communities, facilitating voter registration and direct action through projects embedded in Freedom Houses, especially in the South, the setting for most of SNCC's stories. Over time, it changed from a tight cadre into a disparate group of many constellations but stood out among civil rights organizations for its participatory democracy and emphasis on local people deciding the terms of their battle for social change. Organizers debated their role and grappled with SNCC's responsibility to communities, to the walking wounded, damaged by racial terrorism, and to individuals who died pursuing racial justice. SNCC's *Stories* examines the organization's print and publishing culture, uncovering how fundamental self and group narration is for the undersung heroes of social movements. The organizer may be SNCC's *dramatis personae*, but its writers have been overlooked. In the 1960s, it was assumed established literary figures would write about civil rights, and until now, critical attention has centered on the Black Arts Movement, neglecting what SNCC's writers contributed. Sharon Monteith gathers hard-to-find literature where the freedom movement in the civil rights South is analyzed as subjective history and explored imaginatively. SNCC's print culture consists of field reports, pamphlets, newsletters, fiction, essays, poetry, and plays, which serve as intimate and illuminative sources for understanding political action. SNCC's literary history contributes to the organization's legacy.

The Black Power Movement Peniel E. Joseph, 2013-08-21 The Black Power Movement remains an enigma. Often misunderstood and ill-defined, this radical movement is now beginning to receive sustained and serious scholarly attention. Peniel Joseph has collected the freshest and most impressive list of contributors around to write original essays on the Black Power Movement. Taken together, they provide a critical and much-needed historical overview of the Black Power era, offering important examples of undocumented histories of black liberation. This volume offers both powerful and poignant examples of Black Power Studies scholarship.

The Civil Rights Movement in America Peter B. Levy, 2015-04-28 This single-volume work provides a concise, up-to-date, and reliable reference work that students, teachers, and general readers can turn to for a

Crossroads at Clarksdale Françoise N. Hamlin, 2012-05-28 Weaving national narratives from stories of the daily lives and familiar places of local residents Françoise Hamlin chronicles the slow struggle for black freedom through the history of Clarksdale Mississippi Hamlin paints a full picture of the town over fifty years recognizing the accomplishments of its diverse African American community and strong NAACP branch and examining the extreme brutality of entrenched power there The Clarksdale story defies triumphant narratives of dramatic change and presents instead a layered contentious untidy and often disappointingly unresolved civil rights movement Following the black freedom struggle in Clarksdale from World War II through the first decade of the twenty first century allows Hamlin to tell multiple interwoven stories about the town's people their choices and the extent of political change She shows how members of civil rights organizations especially local leaders Vera Pigee and Aaron Henry worked to challenge Jim Crow through fights against inequality police brutality segregation and later economic injustice With Clarksdale still at a crossroads today Hamlin explores how to evaluate success when poverty and inequality persist

Inside the Carnival Wayne Parent, 2006-09-01 With both an entertainer's eye and a social scientist's rigor Wayne Parent subjects Louisiana's politics to rational and empirical analysis seeking and finding coherent reasons for the state's well known unique history He resists resorting to vague hand waving about exoticism while at the same time he brings to life the juicy stories that illustrate his points Parent's main theme is that Louisiana's ethnic mix natural resources and geography define a culture that in turn produces its unique political theater He gives special attention to immigration patterns and Louisiana's abundant supply of oil and gas as well as to the fascinating variations in political temperaments in different parts of the state Most important he delivers thorough and concise explanations of Louisiana's

unusual legal system odd election rules overwrought constitutional history convoluted voting patterns and unmatched record of political corruption In a new epilogue Parent discusses how the hurricanes of 2005 will affect state politics and politicians as Louisiana struggles to regain its footing in the New South
