How should I pass on control of my Apple, Google, and Microsoft accounts? How can I make my passwords and passkeys available to those who will need them but keep them private for now? What should I think about when handing down purchased audio and video files? What should happen to my Facebook account when I'm no longer around? What choices are available for keeping my digital archive available and backed up? How long should I expect archival media to last? Should I write an autobiography? Are online digital legacy services any good? How will organizing all this stuff benefit me while I'm alive?
