MAX HASTINGS

Das Reich: The March Of The 2nd Ss Panzer Division Through France

G. Kurt Piehler, Jonathan A. Grant

Das Reich: The March Of The 2nd Ss Panzer Division Through France:

Das Reich Max Hastings, 2013-06-15 A world renowned British historian recounts the actions of one of Hitler's most elite armor units in one of World War II's most horrific months June 1944 the month of the D Day landings carried out by Allied forces in Normandy France Germany's 2nd SS Panzer Division one of Adolf Hitler's most elite armor units had recently been pulled from the Eastern Front and relocated to France in order to regroup recruit more troops and restock equipment With Allied forces suddenly on European ground the division Das Reich was called up to counter the invasion Its march northward to the shores of Normandy 15 000 men strong would become infamous as a tale of unparalleled brutality in World War II Das Reich is Sir Max Hastings's narrative of the atrocities committed by the 2nd SS Panzer Division during June of 1944 first the execution of 99 French civilians in the village of Tulle on June 9 and second the massacre of 642 more in the village of Oradour sur Glane on June 10 Throughout the book Hastings expertly shifts perspective between French resistance fighters the British Secret Service who helped coordinate the French resistance from afar and on the ground and the German soldiers themselves With its rare unbiased approach to the ruthlessness of World War II Das Reich explores the fragile moral fabric of wartime mentality Praise for Das Reich A gripping blend of narrative and investigation Evening Standard This classic account of WWII is a microcosm of the global conflict Hastings brings to life the horror that the 2nd SS Panzer division Das Reich inflicted upon the citizens living in a bucolic corner of France Dennis Showalter author of Patton and Rommel and Hitler's Panzers

SS-Das Reich Gregory L. Mattson, 2016-03-14 The Waffen SS divisions were the elite of Hitler's armies in World War II SS Das Reich is an in depth examination of the second unit to be formed The book explores the unit's formation including its origins as the SS VT Division the men it recruited the key figures involved throughout its war service and its organisation

Shadow Knights Gary Kamiya, 2011-12-06 Pulp History brings to life extraordinary feats of bravery violence and redemption that history has forgotten These stories are so dramatic and thrilling they have to be true In SHADOW KNIGHTS everyday men and women risk their lives on top secret missions to sabotage Adolf Hitler's Third Reich Hell bent on conquering Europe Hitler had just set his sights on England when Winston Churchill reached into his bag of tricks and invented a secret spy network of ordinary citizens These schoolteachers housewives prostitutes and farmers abandoned their former lives trained in covert black ops and set Europe ablaze Parachuting into Nazi territory under the cover of night they destroyed factories armed resistance networks and turned Hitler's juggernaut on its head

Air Power in the Age of Total War John Buckley, 2006-05-09 Warfare in the first half of the 20th century was fundamentally and irrevocably altered by the birth and subsequent development of air power This work assesses the role of air power in changing the face of battle on land and sea Utilizing late 1990s research the author demonstrates that the phenomenon of air power was both a cause and a crucial accelerating factor contributing to the theory and practice of total war For instance the expansion of warfare to the homefront was a direct result of bombing and indirectly due to the extent of national economic mobilization required to

support first rate air power status In addition the move away from the principle of total war with the onset of the Cold War and the replacement of air power by ICBMs is thoroughly examined This work should provide students of international history war studies defence and strategic studies with an insight into 20th century warfare

Rogue Heroes Ben Macintyre, 2016-10-04 NEW YORK TIMES BESTSELLER The incredible untold story of World War II's greatest secret fighting force as told by the modern master of wartime intrigue now an original series on MGM Reads like a mashup of The Dirty Dozen and The Great Escape with a sprinkling of Ocean's 11 thrown in for good measure Michiko Kakutani The New York Times ONE OF NPR'S BEST BOOKS OF THE YEAR Rogue Heroes is a ripping good read Washington Post 10 Best Books of the Year Britain's Special Air Service or SAS was the brainchild of David Stirling a young aristocrat whose aimlessness belied a remarkable strategic mind Where most of his colleagues looked at a World War II battlefield map and saw a protracted struggle Stirling saw an opportunity given a small number of elite men he could parachute behind Nazi lines and sabotage their airplanes and supplies Defying his superiors conventional wisdom Stirling assembled a revolutionary fighting force that would upend not just the balance of the war but the nature of combat itself Bringing his keen eye for detail to a riveting wartime narrative Ben Macintyre uses his unprecedented access to the SAS archives to shine a light on a legendary unit long shrouded in secrecy

The Oxford Handbook of World War II G. Kurt Piehler, Jonathan A. Grant, 2023 World War II dramatically transformed human life and society resulting in the deaths of 100 million people and shaping the worldview and psyches of generations The Oxford Handbook of World War II broadens traditional narratives of the war and in the process changes our understanding of this epic conflict Spanning the rise and fall of the Versailles system to the postwar reintegration of veterans and the eventual commemoration of the conflict and its victims The Oxford Handbook of World War II marks a landmark contribution to the historical literature of war

The Riviera at War George G. Kundahl, 2017-05-30 During World War II three distinct forces opposed the Allies Germany Italy and Japan Few areas of the world experienced domination by more than a single one of these but southeastern France the region popularly known as the Riviera or Cote d'Azur was one Not only did inhabitants suffer through Italian Fascism and German Nazism but also under a third hardship at times even more oppressive the rule of Vichy France Following a nine month prelude the reality of World War II burst onto the Riviera in June 1940 when the region had to defend itself against the Italian army and ended in April 1945 with a battle against German and Italian forces in April 1945 a period longer than any other part of France In this book George G Kundahl tells for the first time the full story of World War II on the French Riviera Featuring previously unseen sources and photographs this will be essential reading for anyone interested in wartime France

Normandy '44 James Holland, 2019-06-04 A history of World War II's Operation Overlord from the campaign's planning to its execution as Allied forces battled to take France back from Germany D Day June 6 1944 and the seventy six days of bitter fighting in Normandy that followed the Allied landing have become the defining episode of World War II in the west the object of books films

television series and documentaries Yet as familiar as it is as James Holland makes clear in his definitive history many parts of the Overlord campaign as it was known are still shrouded in myth and assumed knowledge Drawing freshly on widespread archives and on the testimonies of eye witnesses Holland relates the extraordinary planning that made Allied victory in France possible indeed the story of how hundreds of thousands of men and mountains of materiel were transported across the English Channel is as dramatic a human achievement as any battlefield exploit The brutal landings on the five beaches and subsequent battles across the plains and through the lanes and hedgerows of Normandy a campaign that in terms of daily casualties was worse than any in World War I come vividly to life in conferences where the strategic decisions of Eisenhower Rommel Montgomery and other commanders were made and through the memories of paratrooper Lieutenant Dick Winters of Easy Company British corporal and tanker Reg Spittles Thunderbolt pilot Archie Maltbie German ordnance officer Hans Heinze French resistance leader Robert Leblanc and many others For both sides the challenges were enormous The Allies confronted a disciplined German army stretched to its limit which nonetheless caused tactics to be adjusted on the fly Ultimately ingenuity determination and immense materiel strength delivered with operational brilliance made the difference A stirring narrative by a pre eminent historian Normandy 44 offers important new perspective on one of history s most dramatic military engagements and is an invaluable addition to the literature of war Praise for Normandy 44 An Amazon Best Book of the Month History An Amazon Best History Book of the Year Detail and scope are the twin strengths of Normandy 44 Mr Holland effectively balances human drama with the science of war as the Allies knew it Jonathan W Jordan Wall Street Journal A superb account of the invasions that deserves immense praise To convey the human drama of Normandy requires great knowledge and sensitivity Holland has both in spades Times UK

Hybrid Warfare Williamson Murray, Peter R. Mansoor, 2012-07-09 Hybrid warfare has been an integral part of the historical landscape since the ancient world but only recently have analysts incorrectly categorised these conflicts as unique Great powers throughout history have confronted opponents who used a combination of regular and irregular forces to negate the advantage of the great powers superior conventional military strength As this study shows hybrid wars are labour intensive and long term affairs they are difficult struggles that defy the domestic logic of opinion polls and election cycles Hybrid wars are also the most likely conflicts of the twenty first century as competitors use hybrid forces to wear down America s military capabilities in extended campaigns of exhaustion Nine historical examples of hybrid warfare from ancient Rome to the modern world provide readers with context by clarifying the various aspects of conflicts and examining how great powers have dealt with them in the past

Revolutionary Armies in the Modern Era S. P. Mackenzie, 1997 This presents a major re evaluation of the standard view of revolutionary armies the range of attitudes towards the role of heroic individuals the formation and leadership of armies and the differences and similarities between such armies Beginning with an exploration of the New Model Army of the 1640s a force whose name itself seems to denote its revolutionary credentials the author presents ten case studies from

around the globe including the American War of Independence The French Revolution The Zulu Boer War the Waffen SS and the Viet Cong Through a detailed analysis of source material he examines the images connected with these armies both historical and recent and assesses these images in their socio political and nationalist contexts

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, **Dasreichthe March Of The 2nd Ss Panzer Division Through France** .
