Resistance to Belief Change Joseph R. Lao, Jason Young, 2019-09-30 This book examines the human proclivity to resist changing our beliefs Drawing on psychological neurological and philosophical research and integrating topics as wide ranging as emotion cognition social and physical context and learning theory Lao and Young explore why this resistance to change impedes our learning and progression They also suggest that failure to adapt our beliefs to available and informed evidence can incur costs that may be seen in personal growth politics science law medicine education and business Resistance to Belief Change explores the various manifestations of resistance including overt discursive and especially inertial forms of resistance As well as the influential factors that can impact upon them the book also examines how the self directed learner as well as teachers may structure the learning experience to overcome resistance and facilitate progressive and adaptive learning Lao and Young find that the impediments to learning and

resistance to change are far more prevalent and costly than previously suggested in research and so this book will be of interest to a range of people in cognitive development social psychology and clinical and educational psychology
