Names: _____ Mark: _____
Points: _____ / 40 points

Read the questions before you watch the film so that you will know what to look for while you watch. At breaks during the showing or at the film's end, you will have an opportunity to make short notes in the spaces provided. If you make notes while the film is playing, make sure that your note taking doesn't interfere with carefully watching the movie. You do not need to make any notes on the worksheet but after the film is over you will be required to fully respond to the questions.

Complete the assignment by answering each question in paragraph form. Answers need to be complete and comprehensive, demonstrating that you paid attention to the film and thought about what was shown on the screen. You may use more than one paragraph if necessary. Be sure that the topic sentence of your first paragraph uses key words from the question. All responses should be in complete sentences using proper spelling, grammar and punctuation. Each question has 5 points.

1. Briefly describe what the film is about and the position that supports.

Notes:

2. Describe the progression of the film: how it begins, what stages it passes through, and how it concludes.

Notes:

3. List and explain six facts described in the film that impressed you.

Notes:
