Reforming Corporate Retail Investor Protection Diane Bugeja, 2019-12-12 The spate of mis selling episodes that have plagued the financial services industries in recent years has caused widespread detriment to investors Notwithstanding numerous regulatory interventions curtailing the incidence of poor investment advice remains a challenge for regulators particularly because these measures are taken in a fire fighting fashion without adequate consideration being given to the root causes of mis selling Against this backdrop this book focuses on the sale of complex investment products to corporate retail investors by drawing upon the widespread mis selling of interest rate hedging products IRHP in the UK and beyond It brings to the fore the relatively understudied field concerning the different degrees of investor protection mechanisms applicable to individual retail investors as opposed to corporate retail investors by taking stock of past regulatory reforms and forthcoming regulatory initiatives as well as more importantly the conclusions reached by the judiciary in IRHP mis selling claims The conclusions are particularly interesting corporate retail investors are in a vulnerable position when compared to individual retail investors The former are exposed to a heightened risk of mis selling meaning that regulatory intervention should be targeted accordingly The recommendations made as a result of these findings are further supported by insights emerging from behavioural law and economic theories This book is aimed at researchers lawyers and students with an interest in the financial regulation field who are keen to explore potential regulatory reforms to the investment services regime that address the root causes of mis selling and restore a level playing field amongst all retail investors

Redefining Codification Dirk Heirbaut, 2024-12-10 More than half of the world s population lives under law codes Yet defining the concept of codification remains elusive Rather than delving into abstract theories this book provides a rich and contextual comparative legal history of codes in France Germany the Netherlands and Belgium from the late eighteenth century to the present The author starts by examining the evolution of French German Dutch and Belgian codes in their political and comparative context thus challenging deeply rooted national narratives He covers the well studied civil codes and the often overlooked commercial and procedural codes and drafts that failed to become law Against this backdrop the book embarks on a comprehensive analysis of the factors contributing to the success or failure of codification efforts Employing an innovative method of comparative legal history Redefining Codification explores the key players and objectives behind codification revealing that traditional notions of codification are far removed from reality Following the deconstruction of some universal truths about codifications this volume offers fresh insights into the behind the scenes of the lawmaking machinery and an empirically based definition of codification *Jurisconsultus es, iuris nihil a te alienum putamus* Philippe Meier, Denis Tappy, 2023-12-05 *Jurisconsultus es iuris nihil a te alienum putamus* *Jurisconsultus es iuris nihil a te alienum putamus* *Jurisconsultus es iuris nihil a te alienum putamus* **Les servitudes collectives** Viviane David, 2021-07-30 Pr vue par l article 743 du Code civil suisse l puration des servitudes fonci res en cas de division d un fonds soul ve notamment les questions suivantes Quel est le sort des servitudes apr s la division du fonds dominant ou servant Y a t il une multiplication des servitudes Quels sont les rapports d usage entre les diff rents propri taires Ces derniers forment ils une communaut Apr s avoir d velopp les origines historiques et compar les droits allemand fran ais italien et autrichien sur la probl matique du parcellement l auteure passe en revue les dispositions du Code civil suisse applicables la division de fonds Elle analyse de mani re d taill e le sort du fonds dominant et du fonds servant au terme de la division parcellaire Enfin la derni re partie de cette tude met en lumi re la d finition de la servitude collective et propose quelques pistes pratiques en lien avec les rapports de droit entre les diff rents propri taires Cet ouvrage trouvera sa place dans la biblioth que des professionnels du droit de l immobilier et des diff rentes administrations confront es ces sujets *Comparative Contract Law, Second Edition* Thomas Kadner Graziano, 2019 Promoting a learning by doing approach to comparative contract law and comparative methodology this updated second edition of *Comparative Contract Law* updates the first true student reader on the subject Bringing together extracts from legislation and court practice this textbook lets students experience comparative law in action and presents a unique guide to European and International contract law French Civil Liability in

Comparative Perspective Jean-Sébastien Borghetti, Simon Whittaker, 2019-12-26 The French law of torts or of extra contractual liability is widely seen as exceptional For long it was based on a mere five articles of the Civil Code of 1804 but on this foundation the courts and legal scholars have constructed liabilities for fault and strict liability of an extraordinary breadth and significance While the rest of the general law of obligations including contract in the Civil Code was reformed in 2016 by executive ordonnance this area was left aside being the subject in 2017 of a proposal by the French Government for the legislative reform of the law of civil liability a new legislative category to include both contractual and extra contractual liability This work considers important aspects of this developing area of French law in a series of essays by French lawyers and comparative lawyers working in French law and other civil law systems In doing so it provides insight into the doctrinal thinking and judgments of French lawyers as well as the possible directions in which this area of the law may be developed in the future
