

DIG TWO GRAVES

The background of the poster is a dark, moody sky with a large, bright full moon in the upper right corner. A jagged lightning bolt strikes across the middle of the sky, just below the title. In the foreground, there are silhouettes of a woman in a dress on the left, a man in a suit in the center, and a large, classical-style building with columns in the background. The entire scene is reflected in a dark, glossy surface at the bottom.

Schinzel,2012-07-12 Everyone loves a great quote We marvel at those rare souls who can clearly convey an idea and elicit an emotional response from a reader or an audience in a mere sentence or two The economy of their words provides us a nicely packaged expression that is convenient versatile and easily stored perhaps on a slip of paper or perhaps merely tucked away in our memory banks Because ideas are not expressed in a vacuum learning something about the person to whom a quote is attributed is essential

if we are to fully appreciate its intended meaning In *The Ten Most Important Things Ever Said* Dan D Schinzel brings together quotes from a wide variety of sources that span different cultures and times Each of the ten expressions is followed by a fictional scene and conversation created to elaborate on the intentions of the author Each quote is also accompanied by two or three relevant stories from the past some familiar others obscure The end product is a book that is intended to be a starting point for a conversation about how the words of the past can serve as beacons for our future For while the ten different sayings cover an assortment of subjects and are attributed to a variety of sources they all share one common trait the words and their meaning are timeless

Revenge Stephen Fineman,2017-11-15 Revenge is a primal force at the heart of conflict and justice as ancient as humanity itself It can be found in nearly all societies and culturally we are fascinated by it as countless novels dramas films and computer games attest Getting even can restore the balance of relationships and bring order It can fill the vacuum left by imperfect or unjust justice systems It can rescue people trapped in oppressive conditions But revenge can also get out of control spirals of revenge are notoriously destructive and impervious to appeals for peace and forgiveness In this bold new book Stephen Fineman lifts the lid on revenge exposing its intriguing contours in arenas as diverse as the workplace intimate relationships the search for societal justice war and politics He explores the psychology and experience of revenge and touches on more recent manifestations like cyber stalking and revenge pornography in order to ask important questions How best can we prevent the most damaging effects of revenge When should retribution be tolerated or even celebrated If we are all potential avengers what does that say about us In an age when digital media has created a new generation of armchair avengers settling real or imaginary scores and starting up new ones Revenge is more than timely Thoughtful and critical *Revenge* tackles one of society's oldest and greatest vices

Revenge and Social Conflict Kit R. Christensen,2016-09-15 Revenge has been a subject of concern in most intellectual traditions throughout history and even when social norms regard it as permissible or even obligatory it is commonly recognised as being more counterproductive than beneficial In this book Kit R Christensen explores this provocative issue offering an in depth account of both the nature of revenge and the causes and consequences of the desire for this kind of retaliatory violence He then develops a version of eudaimonistic consequentialism to argue that vengeance is never morally justified and applies this to cases of intergroup violence where the lust for revenge against a vilified Them is easily incited and often exploited His study will interest a wide range of readers in moral philosophy as well as social philosophers legal theorists and social behavioural scientists

Corsican Honor William Heffernan,2014-07-08 The electrifying follow up to *The Corsican Cold War* Marseille is a city of shadowy alliances and loose morals where a good man can lose sight of which side he is really on and evil men profit from the misery and confusion of others It is therefore the perfect town for Ernst Ludwig an East German terrorist who is sadistic beyond measure But when Ludwig kidnaps and murders the wife of Alex Moran the US intelligence agent hot on his trail he sets off a blood feud whose violent shock waves will span decades and reach all the way across the globe To

avenge his wife's death Moran turns to his uncles in the Corsican Mafia Antoine and Meme Pisani The Pisanis have been in league with US intelligence since the 1940s when Moran's father a CIA agent sought their help in suppressing Communist agitators But the height of the Cold War is a more complicated era and Moran is forced to resign when his personal alliance with the underworld threatens to shed light on murky dealings between the US government and the mob dealings that are way above his pay grade Ten years later he is called back into action when Ludwig resurfaces as the chief henchman of a Colombian drug lord bent on bringing the Pisani brothers to their knees Given another chance at revenge Moran will stop at nothing to bring the German's reign of terror to a grisly end William Heffernan's return to the bestselling world of Corsican crime and international espionage is a thriller so propulsive it grabs you by the throat on the very first page and never lets go
