Digital Rebels Haroon Ullah, 2018-11-27 A lively up to date investigation of the expanding influence of social media in the Islamic world The role of social media in the events of the Arab Spring and its aftermath in the Muslim world has stimulated much debate yet little in the way of useful insight Now Haroon Ullah a scholar and diplomat with deep knowledge of politics and societies in the Middle East South Asia and Southeast Asia draws the first clear picture of the unprecedented impact of Twitter Facebook and other means of online communication on the recent revolutions that blazed across Muslim nations The author carefully analyzes the growth of social media throughout the Muslim world tracing how various organizations learned to employ such digital tools to grow networks recruit volunteers and disseminate messages In Egypt where young people rose against the regime in Pakistan where the youth fought against the intelligence and military establishments and in Syria where underground Islamists had to switch alliances digital communications played key roles Ullah demonstrates how social media have profoundly changed relationships between regimes and voters though not always for the better Looking forward he identifies trends across the Muslim world and the implications of these for regional and international politics

Libraries and Archives Tomas Lidman, 2012-06-22 Libraries and Archives analyses the facts and arguments behind an increasing debate as to what extent libraries and archives are fulfilling the same missions Despite the fact that they have different legal statuses legal frameworks and the work flow looks

very different some politicians and bureaucrats think that there is much to gain if the two institutions work closely together or even merge To understand the present situation it is important to have an understanding of the role of libraries and archives and their shared history Therefore the development up to the present day is analysed in the first chapters of the book The book stimulates debate and brings forth valuable facts about the topic The main focus is on national libraries and national and regional archives from an international point of view Offers a simple but comprehensive background to explain key issues behind the current debate Provides librarians and archivists with arguments The author has more than 40 years experience on the national and international archive and library scene **Transmission** Peter d'Agostino, David

Tafler, 1994-09-01 The essays in this volume investigate the impact of all media including the emerging technologies on the social cultural economic and political climate in the context of aesthetic values and issues of gender race and class

Transmission examines the array of forces moving the contemporary video landscape forward comparing the past with the present as well as the future as it looks at the impact of video on commercial television the relationship of media to the social causes it mis represents and the effects of new communication tools on participating constituents *I Bytes Manufacturing*
