CAUTION Men in Trees Darrell Spencer, 2010-10-01 The nine stories of CAUTION Men in Trees capture the pressure need and frequent helplessness of people confronted with intractable reality As suggested by the collection s epigraph from Superman Did you say kryptonite the characters in these stories have reached a point where they realize that parts of their lives are coming undone and that their own thoughts and actions or frequently the failure to act soon enough are the cause Though settings and situations vary the same sense of overwhelming urgency recurs throughout the collection The stories reflect a world distressed by conflict and settings fraught with the occurrences of personal violence Against the background of the O J Simpson trial a man refuses to assist in a friend s suicide and realizes that he has been avoiding many unpleasant truths about himself and his life A son faced with his father s debilitating stroke sees that he must ultimately confront the mortality and feelings of grief that he has been concealing In the title story the film Bugsy and talk about the disappointing reality of pop culture heroes set the scene for a husband s frightening confrontation with his own limitations The shock of stark revelation combines with tightly wound chains of suggestive events to create a collection of gripping edgy stories about characters who however battered survive

I See Men as Trees, Walking Bryan M. Christman, 2024-10-17 He took the blind man by the hand and when he had spit on his eyes and laid his hands on him he asked him Do you see anything He said I see men but they look like trees walking Then Jesus laid his hands on his eyes again and he saw everything clearly Mark s account of a blind man needing two healing touches from Jesus graphically depicts the stubborn blindness of his disciples Peter epitomized this blindness when he was tempted by the popular view that Jesus was the Rome conquering savior of Israel rather than the suffering Servant of God Also the disciples didn t understand that Jesus miraculously fed the famished crowds with a few loaves and fish to meet

immediate need and provide leftover fragments of food for future need Salvation was pictured for all time Essentially Mark s Gospel gathered leftovers historical fragments of Jesus life to convey God s salvation across history to those Kierkegaard called the follower at second hand Like Peter disciples and even the crowds are tempted to false salvations where self is lost But ironically persons only become a self by taking up their own cross enabled by Jesus second touch The New York Times Book Reviews 2000 New York Times Staff,2001 This anthology examines Love s Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource Men and Trees Joseph Gaer,1939 **Men as Trees Walking** Margaret Tyson Applegarth,1952 Stories of Christian life **The Lawyers' Reports Annotated** ,1913 *Indiana Review* ,2001 Bulletin ,1957
