Cascading Style Sheets Separating Content From Presentation:

Pro CSS Techniques Dan Rubin, Ian Lloyd, Jeffrey Croft, 2007-03-01 This advanced CSS book is a must for any modern web developer to own. It is completely up to date with information on browser support in all the latest versions and CSS levels 1, 2 and 3. Unlike beginner level books that teach CSS in a lighthearted style, this one gets serious, giving CSS the proper professional treatment it deserves. Each technique is presented in an informative tutorial style with every point backed up by multiple real world examples and case studies. The authors cover hacks and filters, code management, advanced layouts and styling, typography and much more.

Cascading Style Sheets Owen Briggs, Matt Patterson, Eric Costello, Steven Champeon, 2004-02-26 This book concentrates on the essential details developers need to pick up CSS effectively and includes essential cross browser CSS techniques as well as a helpful troubleshooting chapter. Contains CSS design projects written by masters of the field from csszengarden.com including Dave Shea which contain advanced CSS designs and techniques to impress, inspire and educate the reader. This book is regarded by many to be the definitive work and was written by highly respected pioneers of the technology.

Practical Web Traffic Analysis Peter Fletcher, Alex Poon, Ben Pearce, Peter Comber, 2013-11-11 Once you've got a web site up and running, it is all too easy to sit back and relax. But how do you know you did a good job? How can you improve the site you have based on real user behaviour? Without getting feedback from your users, how will you find out how it's being used? Web traffic analysis allows you to gain some insight into your site users, where they come from, what pages they like and how often they come back. However, as statistics are prone to being misinterpreted, your insight often has to be taken with a pinch of salt. This book takes you through the process of analyzing your traffic without taking for granted the statistics that

you generate Assuming you have a web site reading this book will help you learn The techniques for gathering data on your users Standards and Guidelines you should adhere to when interpreting your data What other sites are doing to ensure they respect the privacy of their users Insight into how real sites use web traffic analysis Major case case studies from BBC News Online eBay and ASPToday Additional material from The Onion SmartGirl and The New York Times From the Publisher This book is for any web professional who wants to understand their site traffic It s also for anyone with an interest in finding out where their site is most used and how to make comparisons with other sites To get the most from this book you ll need access to log files for your web site as they contain the information we ll show you how to analyze The book discusses the privacy practices of The Onion SmartGirl and The New York Times as well as examining in detail the traffic analysis techniques used by BBC News Online eBay and ASPToday *Static Web Designing* Jitendra Patel,2016-01-23 This book is written with the aim of introducing the fundamentals of website designing and website development to the reader This book offers a concise learning material to enhance knowledge of making website The book deals with both the theoretical concepts and the practicals Sufficient exercises have been included for practice The book is written in a reader friendly manner both for the students and the teachers The main topics of focus in this book are using HTML CSS FLASH Macromedia DreamViewer to build static web sites As the reader of this book you are our most important critic and commentator I value your opinion and want to know what I am doing right what I can do better what areas you d like to see me publish in and any other words of wisdom you re willing to pass my way **Social Computing: Concepts, Methodologies, Tools, and Applications**
