The Publishers Weekly, 2008 **Banished Men** Abigail Leslie Andrews, 2023-08-29 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more What becomes of men the U S locks up and kicks out From 2009 to 2020 the U S deported more than five million people over 90 percent of them men In **Banished Men** Abigail Andrews and her students tell 186 of their stories How they ask does expulsion shape men's lives and sense of themselves The book uncovers a harrowing carceral system that weaves together policing prison detention removal and border militarization to undermine migrants as men Guards and gangs beat them down till they feel like cockroaches pigs or dogs Many lose ties with family They do not go home Instead they end up in limbo stripped of their very humanity Against the odds they fight for new ways to belong At once devastating and humane **Banished Men** offers a clear-eyed critique of the violence of deportation **Tacitus, Annals, 15.20-23, 33-45** Mathew Owen, Ingo Gildenhard, 2013-09-23 The emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains and Tacitus Annals have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece his participation in a city-wide orgy climaxing in his publicly consummated marriage to his toy boy Pythagoras the great fire of AD 64 during which large parts of central Rome went up in flames and the rising of Nero's grotesque new palace the so-called Golden House from the ashes of the city This building project stoked the rumours that the emperor himself was behind the conflagration and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire Christianity All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents the Stoic senator Thrasea Paetus an audacious figure of moral fibre who courageously refuses to bend to the forces of imperial corruption and hypocrisy This course book offers a portion of the original Latin text study aids with vocabulary and a commentary Designed to stretch and stimulate readers Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus prose and discussion of the most recent scholarly thought
