How Life Began Thomas F. Heinze, 2011 Could life have formed in the Primordial Soup billions of years ago Evolutionists claim that simple chemicals became concentrated in ancient oceans forming an organic broth which eventually produced living cells Is this possible In 1953 Stanley Miller became famous for his experiment which produced amino acids by passing a spark through gasses which contained the elements that make up amino acids Evolutionists hoped their students would believe without question that amino acids would produce life But Heinze reveals the facts evolutionists won t tell you The amino acids produced would not work in any living things The more recently suggested steps in Chemical evolution will not take place either The idea is scientifically bankrupt and the foundation of evolutionary thinking is destroyed Full of quotes from the best known scientists in the field How Life Began is a great gift for students teachers and school libraries Learn how the scientific facts speak powerfully of an intelligent Creator without whom life could never have begun Learn how to know Him personally *Justice for 1971 War Rapes* Tureen Afroz, 2022-07-11 The history of 1971 Bangladesh War of Liberation accords the mass rape of Bangladeshi women by the Pakistan Army and their local collaborators After about 40 years of the Liberation War the matter

of rape of the Bangladeshi women was brought under litigation to a certain extent in the International Crimes Tribunal of Bangladesh ICT BD However the issue of justice for the rape victims of the 1971 Bangladesh War of Liberation still lacks comprehensive social and legal attention A question remained very much unexplored as to whether legal justice through trials essentially ensures social justice for the war rape victims of Bangladesh It thus remains an unspoken narrative in Bangladesh in respect of how the war rape victims actually perceive justice Another question that arises in this regard is whether complete justice is being done in the course of ensuring legal justice to war rape victims It may be mentioned that no systematic and or comprehensive research has been conducted so far on this subject This research would endeavor to get an account from 385 Bangladeshi war rape victims and their families about the socio legal aspects of the long awaited justice
