others is not directly causing you harm at present it might in the future Therefore people should realize that the happiness of others results in their own contentment Intelligence grows even greater with education However enhancing your intelligence by acquiring additional learning should make you more aware that your long term future happiness depends on society on your fellow human beings and on the environment *The Way of Freedom* His Holiness the XIVth Dalai Lama, 2019-01-01 His Holiness the Dalai Lama's teaching a beautiful and accessible presentation of the time honored path to enlightenment is one of the world's great spiritual treasures The Way to Freedom begins with His Holiness the Dalai Lama's gentle and profoundly eloquent exposition of the Buddha's teachings and instructions presented in easy to understand steps With unprecedented simplicity and beauty he reveals the essence of Tibetan Buddhism to both novice and advanced students practitioners He also offers elegant straightforward reflections on death rebirth karma the four noble truths and the cultivation of the bodhisattva ideals and deeds generosity ethics patience effort concentration and wisdom
