Blanchard, 2012 What do you like most when reading about adventures descriptions about the terrain the culture the challenges the personal growth the interactions between other adventures Women of the

Way successfully combines all these elements in a heartfelt and personal recounting of Jane V Blanchard's 2011 five hundred mile pilgrimage on the Camino de Santiago hiking from St Jean Pied de Port in France over the Pyrenees to Roncesvalles in Spain and then westward across northern Spain to Santiago de Compostella. Though *Women of the Way* is about Jane's journey on the Camino de Santiago and discussions with women she met along the way, this is not a chic book. It is about embracing the Camino. Jane discusses how she prepared for the Camino, the daily rituals in long distance walking, the camaraderie, the personal changes, and the beauty and appeal of the most popular of all the pilgrimages to Santiago de Compostela, the Camino Frances.

The Way of the Stars Robert Cameron Sibley, 2012 Since medieval times pilgrimages have been a popular religious or spiritual undertaking. Even today between seventy and one hundred million people a year make pilgrimages, if not for expressly religious reasons, then for an alternative to secular goals and the preoccupation with consumption and entertainment characteristic of contemporary life. In *The Way of the Stars*, the journalist Robert Sibley, motivated at least in part by his own sense of discontent, recounts his walks on one of the most well known pilgrimages in the Western world, the Camino de Santiago. A medieval route that crosses northern Spain and leads to the town of Santiago de Compostela, the Camino has for hundreds of years provided for pilgrims the practice, the place, and the circumstances that allow for spiritual rejuvenation, reflection, and introspection. Sibley, who made the five hundred mile trek twice, initially on his own and then eight years later with his son, offers a personal narrative not only of the outward journey of a pilgrim's experience on the road to Santiago but also of the inward journey afforded by an interlude of solitude and a respite from the daily demands of ordinary life. The month long trip put the author on a path through his own memories, dreams, and self-perceptions as well as through the sights and sounds, the tastes and sensations of the Camino itself.

Finding Myself Along the Way Michael Burnett, 2021-09-23 Travel Memoir that takes place on the Camino de Santiago.

Sauntering the Spiritual Variant of the Camino de Santiago Kenneth Cline, 2021-05-27 What's so spiritual about the Spiritual Variant? A lot, it turns out. The author and his wife spent five days walking and boating along this side trail to the Portuguese Way of the Camino de Santiago. They visited two large monasteries at Poio and Armenteira, both of which offer accommodations to pilgrims and peaceful surroundings that invite spiritual reflection. A boat ride up the Ulla River from the seaport of Vilanova de Arousa invoked the spirit of the Translatio, the legendary transport of St James' body from Palestine to Spain in the first century. The scenery of Spain's O Salnés region proved an added bonus with charming fishing villages, forested mountains, and expansive vineyards in the Albariño wine country. The Clines found the Route of Stone and Water particularly captivating with its waterfalls, abandoned corn mills, and rain forest like vegetation. Join Kenneth and Bina as they experience the sights and sounds of the Spiritual Variant. Part travel journal and part guidebook, this book includes historical research on how the route got its name as well as practical information about places to eat and sleep along the way.
