Collaborative Land Use Management Robert J. Mason, 2007-09-27 Collaborative Land Use Management The Quieter Revolution in Place Based Planning discusses the less regulatory approaches to land use management that have emerged over the past 35 years analyzing the collective value of such place based planning approaches as land trusts open space ballot measures watershed conservancies ecoregional plans and smart growth initiatives Collaborative Land Use Management appraises these trends from physical social economic civic and environmental justice perspectives Mason seeks to answer such questions as What are the environmental justice implications of smart growth efforts How is the property rights movement affecting collaborative planning What is the significance of newly created planning regions What do these approaches mean in the larger context of the future of the American landscape How do we begin to evaluate and assess these efforts Robert Mason pulls together a wide array of land use planning initiatives into a synthetic and critical story Incorporating many insightful case studies Collaborative Land Use Management is intended for planners practitioners policy makers geographers and students with interests in environment and landscape *Collaborative Land Use Planning* Jens Christian Sorensen, 1978 Collaborative Environmental Management Tomas M. Koontz, Toddi A. Steelman, JoAnn Carmin, Katrina Smith Korfmacher, Cassandra Moseley, Craig W. Thomas, 2010-09-30 Collaboration has become a popular approach to environmental policy planning and management At the urging of citizens nongovernmental organizations and industry government officials at all levels have experimented with collaboration Yet questions remain about the roles that governments play in collaboration whether they are constructive and support collaboration or introduce barriers This thoughtful book analyzes a series of cases to understand how collaborative processes work and whether government can be an equal partner even as government agencies often formally control decision making and are held accountable for the outcomes Looking at examples where government has led encouraged or followed in collaboration the authors assess how governmental actors and institutions affected the way issues were defined the resources available for collaboration and the organizational processes and structures that were established Cases include collaborative efforts to manage watersheds rivers estuaries farmland endangered species habitats and forests The authors develop a new theoretical framework and demonstrate that government left a heavy imprint in each of the efforts The work concludes by discussing the choices and challenges faced by governmental institutions and actors as they try to realize the potential of collaborative environmental management A Research Agenda for US Land Use and Planning Law John J. Infranca, Sarah Schindler, 2023-12-11 Authoritative and multidisciplinary in approach this Research Agenda shapes questions that will underpin future legal and empirical scholarly inquiry on zoning and land use regulation in the US Building on existing debates and providing a comprehensive overview of the current state of academic research it identifies the gaps which need addressing in future research **Collaborative Land Use Planning** Jens C. Sorensen, 1978 CIFOR and Indonesia: A partnership for forests

and people CIFOR,2013-12-03 This report which supplements an earlier one submitted to the Ministry of Forestry in mid 2009 highlights just a few Center for International Forestry Research CIFOR achievements and contributions to Indonesia from its inception in 1993 to 2011 It includes examples of research in Indonesia contributions to policy changes in part as a result of CIFOR research findings efforts in collaboration with the Ministry of Forestry and other organisations to educate and inform Indonesian stakeholders on forestry issues through publications websites conferences and the development of Indonesia s human resources in the forestry area Governing Urban Regions Through Collaboration Joël

Thibert,2016-04-22 With the demise of the Old Regionalist project of achieving good regional governance through amalgamation voluntary collaboration has become the modus operandi of a large number of North American metropolitan regions Although many researchers have become interested in regional collaboration and its determinants few have specifically studied its outcomes This book contributes to filling this gap by critically re evaluating the fundamental premise of the New Regionalism which is that regional problems can be solved without regional higher government In particular this research asks to what extent does regional collaboration have a significant independent influence on the determinants of regional resilience Using a comparative Canada U S mixed method approach with detailed case studies of the San Francisco Bay Area the Greater Montreal and trans national Niagara Buffalo regions the book examines the direct and indirect impacts of inter local collaboration on policy and policy outcomes at the regional and State Provincial levels The book research concentrates on the effects of bottom up state mandated and functional collaboration and the moderating role of regional awareness higher governmental initiative and civic capital on three outcomes environmental preservation socio economic integration and economic competitiveness In short the book seeks to highlight those conditions that favor collaboration and might help avoid the collaborative trap of collaboration for its own sake More specifically this research concentrates on the effect of bottom up state mandated and functional collaboration the moderating role of regional awareness governmental initiative and civic capital on environmental preservation socio economic integration and economic competitiveness In short the book seeks to understand whether and how urban regional collaboration contributes to regional resilience **Nature**
