Comrades And Enemies Arab And Jewish Workers In Palestine 1906 1948:

Comrades and Enemies Zachary Lockman, 1996-07-10 In *Comrades and Enemies* Zachary Lockman explores the mutually formative interactions between the Arab and Jewish working classes labor movements and worker oriented political parties in Palestine just before and during the period of British colonial rule Unlike most of the historical and sociological literature on Palestine in this period *Comrades and Enemies* avoids treating the Arab and Jewish communities as if they developed independently of each other Instead of focusing on politics diplomacy or military history Lockman draws on detailed archival research in both Arabic and Hebrew and on interviews with activists to delve into the country's social economic and cultural history showing how Arab and Jewish societies in Palestine helped to shape each other in significant ways *Comrades and Enemies* presents a narrative of Arab Jewish relations in Palestine that extends and complicates the conventional story of primordial identities total separation and unrelenting conflict while going beyond both Zionist and Palestinian nationalist mythologies and paradigms of interpretation

Arab Responses to Fascism and Nazism Israel Gershoni, 2014-07-15 The first book to present an analysis of Arab response to fascism and Nazism from the perspectives of both individual countries and the Arab world at large this collection problematizes and ultimately deconstructs the established narratives that assume most Arabs supported fascism and Nazism leading up to and during World War II Using new source materials taken largely from Arab memoirs archives and print media the articles reexamine Egyptian Syrian Lebanese Palestinian and Iraqi responses in the 1930s and throughout the war While acknowledging the individuals forces and organizations that did support and collaborate with Nazi Germany and fascist Italy *Arab Responses to Fascism and Nazism* focuses on the many other Arab voices that identified with Britain and France and with the Allied cause during the war The authors argue that many groups within Arab societies elites and non elites governing forces and civilians rejected Nazism and fascism as totalitarian racist and most important as new more oppressive forms of European imperialism The essays in this volume argue that in contrast to prevailing beliefs that Arabs were de facto supporters of Italy and Germany since the enemy of my enemy is my friend mainstream Arab forces and currents opposed the Axis powers and supported the Allies during the war They played a significant role in the battles for control over the Middle East

Reading Herzl in Beirut Jonathan Marc Gribetz, 2024-07-09 How the Palestine Liberation Organization Research Center informed the PLO's relationship to Zionism and Israel In September 1982 the Israeli military invaded West Beirut and Israeli allied Lebanese militiamen massacred Palestinians in the Sabra and Shatila refugee camps Meanwhile Israeli forces also raided the Palestine Liberation Organization Research Center and trucked its complete library to Israel Palestinian activists and supporters protested loudly to international organizations and the Western press claiming that the assault on the Center proved that the Israelis sought to destroy not merely Palestinian militants but Palestinian culture as well The protests succeeded in November 1983 Israel returned the library as part of a prisoner exchange What was in that library Much of the expansive

collection the PLO amassed consisted of books about Judaism Zionism and Israel In Reading Herzl in Beirut Jonathan Marc Gribetz tells the story of the PLO Research Center from its establishment in 1965 until its ultimate expulsion from Lebanon in 1983 Gribetz explores why the PLO invested in research about the Jews what its researchers learned about Judaism and Zionism and how the knowledge they acquired informed the PLO's relationship to Israel [Arabic and its Alternatives](#) ,2020-03-02 Arabic and its Alternatives discusses the complicated relationships between language religion and communal identities in the Middle East in the period following the First World War This volume takes its starting point in the non Arabic and non Muslim communities tracing their linguistic and literary practices as part of a number of interlinked processes including that of religious modernization of new types of communal identity politics and of socio political engagement with the emerging nation states and their accompanying nationalisms These twentieth century developments are firmly rooted in literary and linguistic practices of the Ottoman period but take new turns under influence of colonization and decolonization showing the versatility and resilience as much as the vulnerability of these linguistic and religious minorities in the region Contributors are Tijmen C Baarda Leyla Dakhli Sasha R Goldstein Sabbah Liora R Halperin Robert Isaf Michiel Leezenberg Merav Mack Heleen Murre van den Berg Konstantinos Papastathis Franck Salameh Cyrus Schayegh Emmanuel Szurek Peter Wien **Palestine's Christians and the Nationalist Cause** Erik Freas,2024-12-23 This book provides an historical overview of Palestine's Christian communities and their role in the Palestinian nationalist movement during the late Ottoman and British mandatory periods More than being a history of Palestine's Christian Arabs the book focuses on Palestine's Christians during the formative period of Palestinian Arab national identity attentive to the broader topic of the relationship between nationalism and religion in this case between Arab identity and Islam Whereas until recently historians have tended to assume that national and religious identities are distinct and mostly mutually exclusive things more recent scholarship has addressed the fact that often there exists considerable overlap between the two though it should be noted often in ways that are not by any means inherently exclusive of those not belonging to the majority faith as is the case here The relationship is also an ever changing one hence the final chapter of the book which functions as something of an epilogue regarding the current status of Palestine's Christians vis vis their place in the nationalist cause and relationship with the broader Muslim population The book will be of interest to historians and scholars focused on the modern Middle East Palestinian history Muslim Christian inter communal relations and the relationship between nationalism and religion [Encyclopedia of Modern Ethnic Conflicts](#) Joseph R. Rudolph Jr.,2015-12-07 An indispensable reference that will help students understand the major ethnic conflicts that dominate the headlines and shape the modern world Since World War II significant conflicts have most often taken the form of acts of violence between ethnic or national communities inside individual states This two volume work uses case studies to explore some four dozen of those conflicts making it an ideal first stop reference for students and others who wish to quickly gain an understanding of ethnic struggles Content from the first edition is updated and new

entries on recent conflicts have been added The set's geographical range which encompasses nearly every continent is matched by the diversity of the conflicts explored These include internal conflicts such as those experienced by African Americans in the United States and Muslims in France as well as separatist movements of groups like the Chechens in Russia and Bosnians in Yugoslavia Headline making conflicts for example those in Mali and Syria are covered as well The book is organized alphabetically by country and region Each essay begins with a timeline and then explores the historical background evolution efforts to manage and significance of the conflict Suggestions for follow up research and appendices of relevant primary source materials are also included

Invention of Palestinian Citizenship, 1918-1947 Lauren Banko, 2016-07-08 This book situates the evolution of citizenship at the centre of state formation under the quasi colonial mandate administration in Palestine

Armed Struggle and the Search for State Yezid Sayigh, 1997-12-11 This masterly new work spans an entire epoch in the history of the contemporary Palestinian national movement from the establishment of Israel in mandate Palestine in 1948 to the PLO Israel accord of 1993 Contrary to the conventional view that national liberation movements proceed with state building only after attaining independence the case of the PLO shows that state building may shape political institutionalization throughout the previous struggle even in the absence of an autonomous territorial economic and social base That is the central argument of this insightful study which traces the political ideological and organizational evolution of the PLO and its constituent guerrilla groups Taking the much vaunted armed struggle as its connecting theme it shows how conflict was used to mobilize the mass constituency assert particular discourses of revolution and nationalism construct statist institutions and establish the legitimacy of a new political class and bureaucratic elite The book draws extensively on PLO archives official publications and internal documents of the various guerilla groups and over 400 interviews conducted by the author with the PLO rank and file Its span primary sources and conceptual framework make this the definitive work on the subject
