Claude Monet Lives Of The Artists:

Claude Monet Virginia Spate, 1992 Monet is incontestably one of the greatest Impressionists as well as being the most popular Yet hitherto books on this great figure have been partial concentrating either on aesthetic or on social aspects of his work without attempting a synthesis Now Virginia Spate restores plenitude of meaning to Monet's paintings examining the various ways in which they can be read the tension between image and reality which energizes them and the mysterious interactions between the work itself its exhibition promotion and sale and its reception both in public and in private Based on a complete study of the artist's work made possible as never before by recently published catalogues of his oeuvre his surviving letters nearly 3 000 in all and contemporary documentary material this is the fullest account available of a complex and influential man whose style changed and evolved considerably during his long career Monet is considered as an intelligent and cultured being a friend to writers such as Zola Mallarmé and Octave Mirbeau fully informed as to the cultural and intellectual tendencies of his time His often neglected figure paintings always of family or friends are analyzed alongside his landscapes which ranged from timeless river scenes to steam filled railway stations Changes in his output in response to shifts in demand are linked to the new system of art dealers and to his financial situation The France of Monet's youth and maturity is covered in depth especially the traumatic legacy of the Franco Prussian war and the Paris Commune and his famous garden at Giverny is shown to be both a personal Utopia and a vital part of his creative processes The dialectic of the real world and its representation in art is explored in detail as manifested in his splendid canvases faithfully reproduced in over 130 colour plates This definitive treatment of a hugely important artist makes an indispensable contribution to the art history of Impressionism and the roots of modernism

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Claude Monet Paul Hayes Tucker, 1995 This beautiful book is a comprehensive and accessible study of Monet's achievement that sets his rich legacy into the context of his life and times Tucker offers strikingly new interpretations based on a close examination of individual paintings Monet's biography and the multiple forces that shaped his aesthetic Illustrated with 140 color reproductions Major ads media

Life and Times of Monet Edmund Swinglehurst, 1994 This book gives a quick biography of Monet explains the elements of his painting style and includes fifty of his best known and best loved works

[Masters of Art](#) William C. Seitz, 1983-02-02 Briefly discusses the life and art of the French impressionist and provides commentary on his major works

History's Greatest Artists Charles River Editors, 2017-11-09 Includes pictures of Monet and his most famous art Includes Monet's quotes Includes online resources and a bibliography for further reading Includes a table of contents Everyone discusses my art and pretends to understand as if it were necessary to understand when it is simply necessary to love Claude Monet To get a sense of the kind of prestige that Claude Monet's reputation has within the art world one need only learn that his *Le Bassin Aux Nymphes* 1919 from his series of paintings featuring water lilies sold for the equivalent of more than 70 million This is an incredibly staggering price

especially considering that early in his life Monet had been so poor and debt ridden that some of his paintings were taken from him by creditors How exactly did Monet progress from being an impoverished young Impressionist artist working at the vanguard of European art to the legendary Master whose works command prices near the very pinnacle of the art world Naturally Monet s commercial success soared exponentially in the decades following his death in 1926 at a time in which the prices commanded by the great Masters of Western art began rising in price at exponential rates Yet even during his own lifetime Monet enjoyed a sharp rise to fame and was canonized as one of the greatest painters in France Following sharply in the footsteps of Edouard Manet Claude Monet was one of the first painters identified within the Impressionist circle indeed it was Monet himself who coined the label of Impressionist after using it in the title of one of his paintings Where some artists reach the peak of their acclaim early in life Monet s star continued to rise even throughout his old age although some would argue that the last decade or so of his life were anticlimactic at least from an artistic standpoint his landmark water lilies were made during his elderly years And even though Monet would continue to paint well after the canonical period of Impressionism had ended his name was and remains synonymous with Impressionism along with cherished acquaintances of his including such luminaries as Pierre August Renoir Camille Pissarro and Edouard Manet Simply put Monet is a monumental figure when it comes to examining Western art during the second half of the 19th century Like many other great artists Monet s artistic style developed in tandem with the unfolding changes in his personal life and the professional relationships he maintained His upbringing was in certain respects unremarkable at least before the premature death of his mother but it was during his childhood that Monet cultivated his passion for painting and even during that time that he met certain artists who would prove instrumental in the nurturing of his prodigious talents Whether or not Monet was the most brilliant or gifted of the Impressionists is a matter of opinion but either way his abilities were molded by his upbringing his temperament and personality his formal style and his standing within the Parisian art world History s Greatest Artists The Life and Legacy of Claude Monet looks at the personal background that led to him becoming an artist and the cultural climate in which he rose to fame Monet s formal technique and artistic legacy are also analyzed including his working methods and artistic education Along with pictures of important people places and events you will learn about Monet like never before in no time at all [Claude Monet](#) Sean Connolly,2006-05-03 Introduces the life and work of Claude Monet discussing his early years life in London and various parts of France and development as a painter [Pablo Picasso Lives of the Artists](#) Susie Hodge,2004 Pablo Picasso is the most famous artist of the twentieth century During his long career he produced thousands of works including paintings drawings sculptures prints and ceramics By inventing new ways of depicting reality he inspired many artistic styles and changed the way we think about Western art Even during Picasso s lifetime entire museums were dedicated to his work Picasso is considered the father of modern artistic thought and his works are regarded as landmarks of modern art Book jacket *Monet by Himself* Claude Monet,Richard Kendall,2004 This volume

on the life and work of Claude Monet is quite unlike any other book on this popular artist as for the first time his letters have been brought together with his paintings pastels and drawings There are letters to his fellow artists and youthful friends long affectionate letters to family and loved ones and begging letters in times of hardship We read of Monet's persistence in money matters his frustrations and successes while on painting expeditions to Italy Brittany and Norway and his experience of solitude illness and bereavement in later life Monet emerges from the correspondence as a more troubled and complex individual than his sun filled canvases might suggest Alongside the artist's letters are more than 200 superb colour reproductions These accompany the text and enable the reader to follow the young artist through his first encounters with the Parisian art scene his days as a commanding presence in the Impressionist movement and the final chapter of his life when he produced some of his most ambitious and colourful work at Giverny

Claude Monet Claude Monet, Sean Connolly, 2004 Discusses the life work and legacy of nineteenth century French Impressionist artist Claude Monet

Monet Susie Hodge, 2010-03-16 This book is an essential volume for anyone wanting to learn more about this fascinating and ground breaking artist and to study his greatest works in one collection The book follows his early experiences and artistic education as well as his personal life shedding light on why Monet became the painter he did The second half is a gallery of more than 300 of his works with analysis of each painting

Yeah, reviewing a books **Claude Monet Lives Of The Artists** could increase your near associates listings. This is just one of the solutions for you to be successful. As understood, expertise does not suggest that you have fantastic points.

Comprehending as with ease as covenant even more than further will manage to pay for each success. neighboring to, the message as well as acuteness of this Claude Monet Lives Of The Artists can be taken as competently as picked to act.
