Russell Turney,2017-09-15 In this second volume of the new APTS Press Monograph Series Dr Russ Turney presents a compelling case study of why some missionaries leave the field far too soon Normal attrition occurs because of health problems retirement or the obvious call of God to go elsewhere However Turney notes that far too often missionaries leave due to

interpersonal conflicts with their colleagues or national problems with authority and other issues that Turney contends could be significantly reduced He then presents an excellent strategy for dealing with these and other issues enabling missionaries to continue in their calling long term and finish well This strategy will help equip not only missionaries and mission leaders from both the West and the Majority World but also pastors and church members who love and support missionaries and who want to learn how to strengthen them better through prayer and action Anyone who shares the warm hearted conviction that missionaries can and should leave a legacy will benefit from this book From the Foreword

The Muslim Majority Robin Hadaway, 2021-09-15 More than 70 percent of Muslims worldwide practice folk Islam a syncretistic mix of theologically orthodox Islam and traditional religious beliefs and practices The Muslim Majority is unlike many published works on evangelism to Muslims which argue for either apologetic or contextualized bridge approaches These approaches are often ineffective in reaching adherents of popular Islam Instead author and missiologist Robin Hadaway outlines a contextual approach that addresses the unique perspective of popular Islam Hadaway explains the differences between folk Islam and orthodox Islam and explores best practices for reaching the vast majority of Muslims with the gospel of Jesus Christ
