Parkland Perfection Learning Corporation, 2019 *Parkland* Dave Cullen, 2019-02-12 The New York Times bestseller about the extraordinary young survivors who took on the gun lobby One of the most uplifting books you will read all year The Washington Post Back in 1999

Dave Cullen was among the first to arrive at Columbine High even before most of the SWAT teams went in. While writing his acclaimed account of the tragedy he suffered two bouts of secondary PTSD. He covered all the later tragedies from a distance working with a cadre of experts cultivated from academia and the FBI but swore he would never return to the scene of a ghastly crime. But in 2018 Cullen went to Marjory Stoneman Douglas High School because something radically different was happening. After nearly twenty years witnessing the mass shooting epidemic escalate he was stunned and awed by the courage, anger, and conviction of the high school's students. Refusing to allow adults and the media to shape their story, these remarkable adolescents took control, pushing back against the NRA and feckless Congressional leaders, organizing the massive March for Our Lives demonstration and inspiring millions to join their grassroots neveragain movement. They used their grief as a catalyst for change and galvanized a nation. Cullen unfolds the story of Parkland through the voices of key participants. Instead of taking us into the mind of the killer, he takes us into the hearts of the Douglas students as they cope with the concerns of high school students everywhere: awaiting college acceptance letters, studying for midterms, competing against their athletic rivals, putting together the yearbook, staging the musical Spring Awakening, enjoying prom while moving forward from a horrific event that has altered them forever. Deeply researched and beautifully told, *Parkland* is a moving petition to America that it not look away from the catastrophes at Columbine, Sandy Hook, Virginia Tech, and yes, Parkland. It succeeds as an in-depth report about the generational campaign in the aftermath of the Parkland tragedy, a bi-partisan movement advocating serious gun reform. *Atlanta Journal Constitution*: A page turner. Both realistic and optimistic, this insightful and compassionate chronicle is a fitting testament to a new chapter in American responses to mass shootings. *Publishers Weekly* starred review.

A Columbine Book C. Shepard, 2024-10-13 *A Columbine Book* is a narrative nonfiction novel, the first book to tell the story of the Columbine High School shooting through the voices of those who lived it. Based on over 20 years of steady research, this book utilizes dialogue and descriptions from official reports and survivor statements to construct a story that shows minute by minute in painful clarity what it was like to experience the worst school shooting of the decade. Follow along as a normal suburban school day becomes a living nightmare that will change the world.

Soldiers First, Dave Cullen, 2025-02-04 *Mass Shootings: Six Steps to Survival* John Matthews, 2014-01-10 Examining nearly 60 mass shootings that have occurred in the United States since 1982, this book focuses on the actions taken and decisions made by those who survived these horrific attacks. Armed with this new information, the old axiom fight or flight is dispelled or at least modified for this new breed of killer. Fight by yourself and you are almost assuredly going to join the ranks of the victims; if not, the overall body count flees and presents a target for the killer or draws his attention, and chances are you will not make it out alive. This book is comprised of vital information gleaned from survivors who have successfully endured some of the most tragic and violent incidents in US history over the past 40 years. *Mass Shootings: Six Steps to Survival* presents an easy-to-understand model for every citizen of nearly any age. Armed with this vital information, citizens

will be able to learn from the actual experiences of mass shooting survivors and understand both successful and unsuccessful tactics which have been utilized by these individuals in past incidents How would I respond to a heavily armed gunman who is determined to kill as many people as possible What would I do if I were caught in the wrong place at the wrong time in a crowded movie theater at a popular concert out celebrating at a city festival or simply eating lunch with my child at school What do I do Do I have the knowledge and skills necessary to survive an attack How do I save myself and help others All of these questions and more are answered in *Mass Shootings Six Steps to Survival* a book written specifically to provide the information and tools necessary to survive a mass shooting or active shooter assault *Prepare and Defend* Robert L. Snow, 2020-05-08 *Prepare and Defend Keep Yourself and Others Safe from Mass Murder Attacks* gives readers the insider knowledge unavailable anywhere else that could ultimately save their lives Mass murders though they may seem to be a recent phenomenon actually have a long history in America Snow gives a short history of mass murders in the United States showing while mass murders may be more common today they were hardly unheard of in the past Almost weekly it seems the national news media reports another mass murder a school shooting a massacre at a country music concert a rampage at a nursing home Why is this happening who carries out these mass murders how can we survive if caught up in one and what can be done by our nation to stop them In *Prepare and Defend Keep Yourself and Others Safe from Mass Murder Attacks* Robert L. Snow answers these tough questions by examining the psychological make up of mass murderers allowing the readers to see into the many motivations behind these crimes He also discusses the various strategies that communities can use to lessen the chances of such events occurring and what the United States needs to do to prevent these tragedies from continuing An important aspect of *Prepare and Defend* is showing readers how to spot a likely mass murder before it happens and how if caught up in one to survive it with the right tactics Because of the increase in the number of mass murders during the past few decades police departments everywhere have become equipped and trained on how to respond to them Readers need to know this information as well so that they can be rescued quickly and safely if ever in the face of this kind of situation Depending on what kind of mass murder event occurs there are a number of strategies that can significantly lessen a person's chances of becoming a victim With the benefit of many years as a police officer as well as response training for mass murder episode Snow shows readers important strategies and how to use them *School Shootings and the Never Again Movement* Laurie Collier Hillstrom, 2019-03-14 This volume provides a concise but authoritative overview of the Never Again Movement which arose in the aftermath of a mass shooting that killed 17 people at a high school in Parkland Texas in February 2018 This volume in the 21st Century Turning Points series a one stop resource for understanding the people and events changing America today analyzes school shootings and examines the broader issue of gun violence in America It focuses on the history of school shootings in the United States and the debate that has raged for decades between gun control advocates and supporters of gun ownership rights *School Shootings and the Never Again Movement* 21st Century Turning Points provides a

broad perspective on these issues It recounts the evolution of gun politics and policy throughout the twentieth century explains the positions and activities of organizations and activists on both sides of the gun debate details notorious school shootings ranging from Columbine to Parkland and explores the potential impact of the Never Again Movement on American gun policy at the state and federal levels
